93rd YEAR No. 17

FIFTEEN CENTS

## 911 emergency system pays off

By LINDA BARNES

### Restaurant fire probe hints arson

Antioch police said Tuesday that results from a crime laboratory investigation of the Oct. 9 fire at Antioch Restaurant, 904 Main St., indicate arson.

The crime lab report lists the "presence of a flammable hydrocarbon mixture" (similar to gasoline) in the restaurant.

Lt. Tom Fisher said there are no suspects at this time. He is waiting to speak with the owners of the building and the business, both of whom are presently out of town, he said.

*If you're wondering when middle age begins, it's begun.*

In one short week, the new 911 emergency phone system has already proved itself invaluable.

Had it not been for the new system's "call back" feature, Antioch firemen would not have located so rapidly a fire called in at noon last Saturday.

Dispatcher Garnet Cook, on duty at the time, reports that an emergency fire call was made by a woman who was so panic-stricken she hung up without giving her exact address, name or phone number.

WITH THE 911 SYSTEM, Mrs. Cook was able to "call back" the woman, even though her phone number had not been verbally given.

The house's exact location was determined and, during the second phone call, the woman indicated that her children might be trapped in the house.

When Mrs. Cook called her a third time, the woman reported that the children had evacuated the house on their own.

FIREMEN ARRIVED at the scene, Cedar Drive, off Deep Lake Rd., and found heavy smoke coming from the second floor.

The house was saved with what the fire department reported as "only minor damage to the structure and contents."

Fire Chief Tod Mapletorpe said the suspected cause of the fire was a small child playing with a cigarette lighter.

The owner of the house is listed as Richard Tideman. All those in the house escaped without injury.

### Supplements available for 1978 Sequoia

Supplements have arrived for the 1978 Antioch High School yearbook, The Sequoia.

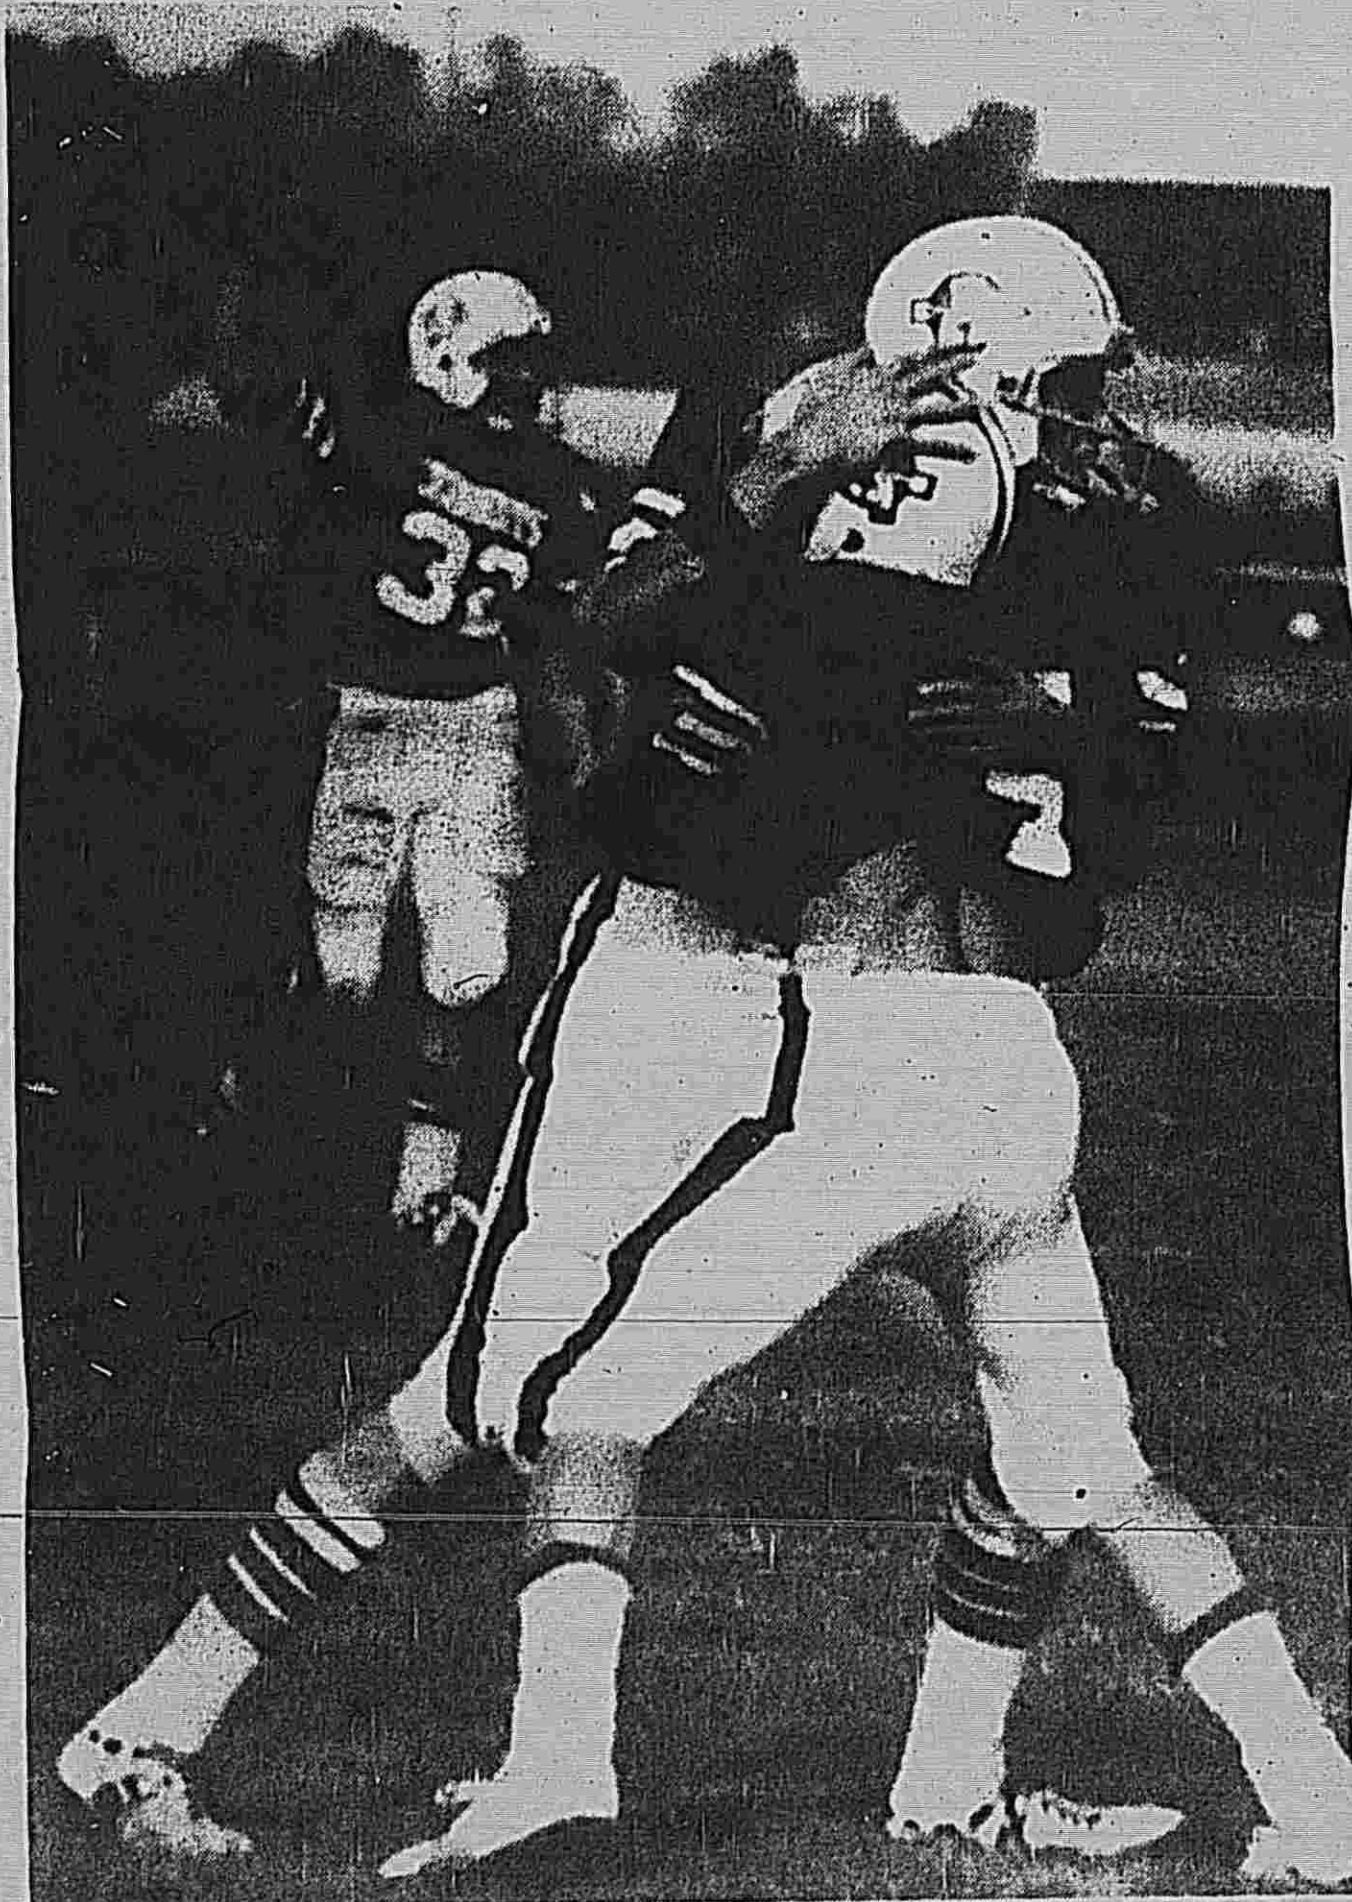

If a graduate bought a yearbook, he or she is entitled to the free supplement.

They can be picked up in the Antioch High School Commons between 10:50 a.m. and 1:15 p.m. through Friday, Oct. 27.

If you have any questions call Ann Kakacek at 395-1421.

**FUTURE FLAG BEARER?** — Elizabeth Klauss has the uniform and someday she may be officially out there marching with the Antioch High School band. Her sister, Debbie Stannard, is a real flag bearer and Elizabeth is a lovely mascot to say the least. The Marching Sequoias will enter their final competition of the season Saturday, against 14 other bands at Northern Illinois University in DeKalb. (Tom Vander Meer photo.)

**HAPPY, WITH GOOD REASON** — A teammate hugged Jack Fields (No. 4) immediately after Antioch stunned Wauconda 37-6 in Saturday's Homecoming game. The Sequoias' first win of the season was cause for celebration. In the background is No. 32, Greg Bodin, the game's leading ball-carrier. (Paul Mapletorpe photo.)

### Contest to name new grade school

The naming of Antioch's new elementary school will become a community project when a contest begins next Wednesday.

All citizens of school district 34 are eligible. Entries are limited to one per person and must be submitted by Nov. 23 to the district business office at the Upper Grade School.

THE WINNER OF the contest will have \$300 worth of library books placed in the new school's library in his or her name. The money for the books is being donated to the district by the State Bank of Antioch, the First National

Bank, and the Antioch Savings and Loan Association.

Contest forms can be obtained from any of the financial institutions, all located on Lake Street in Antioch.

The name for the school must fit one of three categories — a name of an internationally famous individual (deceased or living), a name of a locally prominent individual (deceased or living), or a name that characterizes the local community.

**APPLICANTS MUST TELL** in 150 words or less why they feel their choice is the best name for the school.

CUTTING THE CAKE to celebrate the beginning of the 911 emergency telephone system in Antioch is Garnet Cook, communications supervisor for the village police department. Standing from left are W.B. (Bill) Mairson and George W. (Bill) Kaucher,

representing Illinois Bell; Police Chief Chuck Miller and Mayor Michael J. Haley. The cake, congratulating Garnet for her work on the 911 system, was baked by Elaine Weber of the police department.

## 16 Wisconsin homes deal for Antioch water

Eight members of the Oakwood Knolls Wisconsin Water Association came Monday night to a committee meeting to discuss a proposed water contract with the village of Antioch.

Owners of the 16 houses involved want better quality water, fire hydrant flushing and inspection of new tap-ons.

A previous contract with the village for water services expired in 1976.

VILLAGE TRUSTEES are willing to provide water service to the houses, but maintain that installations and inspections will be done according to village specifications and standards.

"If we're going to inspect, it will be according to village codes," said Mayor Michael J. Haley.

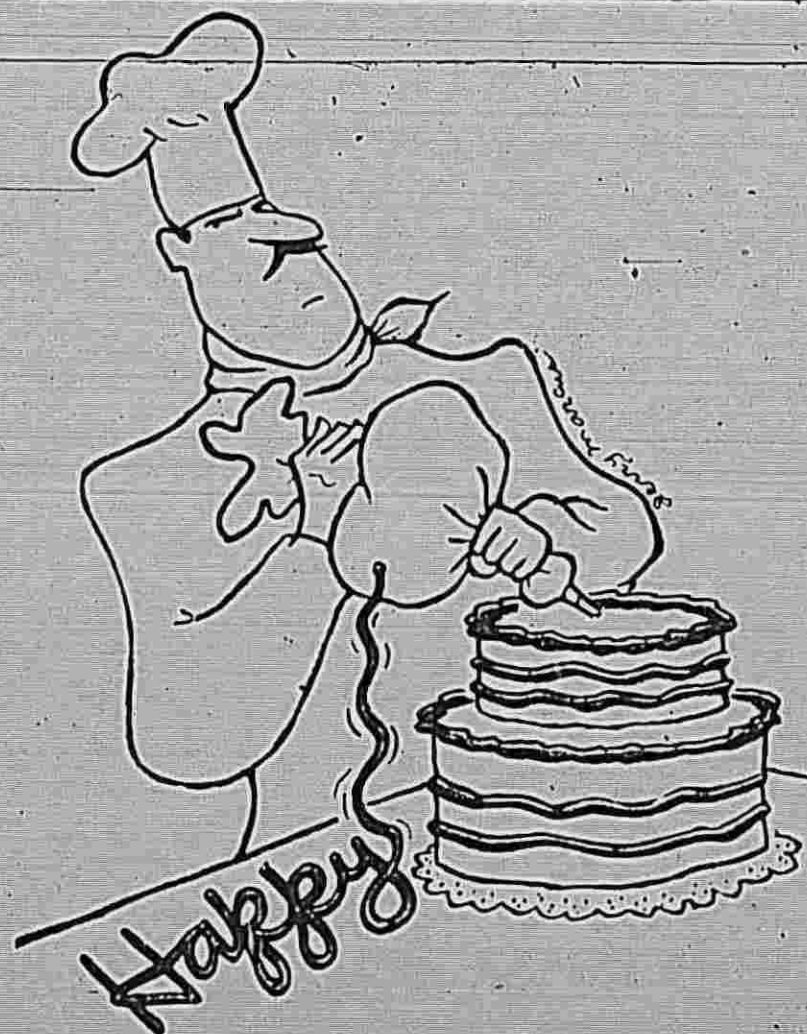

Members of the association assured trustees that they would soon hold a meeting among themselves to discuss the contract in detail.

EARLIER AT THE meeting, Jeffrey Koziel, from the Lake County Soil and Water Conservation District, presented slides to the trustees.

The purpose of the program was to familiarize the community with services provided by the district and to solicit membership from the village to the district.

The district provides information and resource data in urban land use, soil erosion, water management and conservation education.

The district is funded by the state and Lake county, and provides free services to all municipalities.

## Mental Health group visits Lambs Farm

Leaders of the Antioch Mental Health Association and its Thrift Shop were luncheon guests of Corinne Owen at the Lambs Farm in Libertyville Oct. 9.

Mrs. Owen founded the Lambs along with Robert Terese in 1961.

The Lambs' program helps mentally retarded adults to have productive jobs and learning experiences.

The new residential building was visited. Eventually 250 retarded adults will live there.

Attending the luncheon were Mrs. Robert Lubke-man, Mrs. Norman Jedele, Mrs. Albert Bucar, Mrs. Edmond Vos and Mrs. Zaida Vos.

The Antioch Mental Health Association has donated \$18,900 to the Lambs over the past 11 years. The money has been raised in the Thrift Shop at 921 Main St. and at the annual Cotillion held in the spring.

It was a medieval saint, St. Bernard (NOT the one the dogs are named after), who first used the expression "love me, love my dog." It occurred in his first sermon.

### Quick—how much are you really worth?

Total up the value of your home, stocks, bank accounts, certificates of deposit, land, equipment, personal and business possessions, and the cash value of your life insurance. The total may be a pleasant surprise.

But estates have unpleasant surprises, too. Because estate taxes can take a hefty chunk out of what you want to leave your family.

Estate planning can reduce taxes by thousands of dollars. So see your attorney. And talk to your Country Companies agent about Country Life's full-time estate planning department.

The Country Companies. We're a little different than most insurance people.

## Letters to the Editor

(Letters to the editor must be signed. However, a person's name may be withheld if requested.)

**Parents of District 34, wake up.**

The excellent educational system in this district is going down the tubes by efforts of the school board the community elected.

Good, dedicated teachers are hard to find. According to their salaries they obviously are dedicated and not in education for the monetary gain.

Would you like to see these teachers stay or do you want a group of brand new inexperienced teachers fresh out of school at the lowest step on the pay scale? My children's

education is more important to me than money! Isn't it true in life, we get what we pay for? I would like them to stay.

It has been said, to many teachers on occasion by members of the board, "if you don't like it here, leave!" It's not a matter of liking the community, it's whether or not one is compensated for competency.

Our new superintendent, I thought, was hired to act as a leader for teachers and board to straighten out these difficulties. The teachers in this district have not had but one meeting with their superintendent in eight weeks. They have no idea what his philosophies on education are.

There are seven people on that board versus many, many teachers in this district... have you bothered to ask your child's teacher about any of this? I am sure they could tell you about a lot of unfortunate problems they have encountered with this board in recent years. They may not say anything because they fear for their job or other intimidations.

It is my opinion the board would like a strike so they can hire new teachers on the lowest pay scale. They are more concerned with bringing the school deficit down than the education of your child. It's unfortunate the board hasn't always been so frugal!

The success of your child's future is determined by the quality of his education. Therefore, the growth of our community and the property values are determined by a good educational system for all.

A very concerned parent

## Says Homecoming parade lineup was unfortunate

Dear Editor:

The Homecoming Parade has just marched down Main Street and, as in previous years, the floats were original and the bands were smart and colorful. Our highly respected Fire Dept. and Rescue Squad received the adulation that they deserve.

Our question — why is it necessary for horn-blowing vehicles to follow immediately behind 100 children playing their instruments?

Two possible solutions — different parade lineup or silent vehicles.

Sincerely,

Aileen B. Biel

## THE TOWN CRIER

OUR NEW Polish pope got off to a good start Sunday when he asked the crowd:  
"Did you hear the one about the two Italians?"

STATE SENATOR Karl Berning has a lot of friends in Antioch but he isn't faring quite as well with Chicago newspaper people.

Last Wednesday, the Chicago Tribune endorsed his new opponent, Walter R. Nathan of Highland Park, saying:

"Republican incumbent Karl Berning's 12 uninspired years in the Senate do not, in our view, qualify him for another term."

The Tribune called Nathan "a knowledgeable young candidate who has served as a congressional aide (to Rep. Abner Mikva) and has persuasive ideas for trimming waste in government."

A week earlier the Chicago Sun-Times endorsed Democrat Nathan for the 32nd district state senate seat, saying Berning "has not been responsive to the public needs."

The Sun-Times called Nathan "one of the most impressive new candidates ... with an array of constructive measures to curb needless agencies," and added that Nathan proposes to "wield a careful knife on spending."

It will be interesting to see if the Chicago endorsements affect Berning's showing at the polls on Tuesday, Nov. 7.

WE AGREE WITH the Chicago Tribune's endorsements for state representatives from this district.

The Tribune favors retaining the incumbents — Republicans Donald E. Deuster and Betty Lou Reed, and Democrat Daniel M. Pierce.

ABOUT 20 PEOPLE suddenly poured into a downtown restaurant the other day and a waitress quipped:  
"The RTA bus must have pulled up."

"Once Again The Time Has Come  
To Speak Seriously About..."

## The Time Machine

### 70 YEARS AGO: OCTOBER 23, 1908

Caught in the wrecked engine room of the steam barge Maggie Marshall, from Manistee, now helpless three miles off Kenosha shore, four of the crew were literally cooked to death by steam which shot with terrific force from the broken valves and pipes of the boilers Tuesday night. Shut off from escape by battened hatches and broken timbers the victims of the explosion died in agony, screaming out prayers for help.

Bowman Dairy company begun work on the grade for a side track last week. The well drillers for the Bowmans have abandoned the present well which is 180 feet deep and will move to a site outside the building and try again. The present well was given up on account of striking rock and it was feared it would take too long to complete the well and thus delay the building.

For Sale - New seven room house on Lake street. Inquire of Mrs. J.L. Harden.

The fire escapes for the school building have arrived and will be put in place this week.

On Friday evening of last week, Wm. Hanneman, Wm. Van Patten and Miss Leota Haynes who had started for Silver Lake, where they were to furnish music for a dance, met with an accident that resulted in numerous bruises and scratches. They were just turning at Lightner's corners when one part of the buggy gave way, and the horse becoming frightened was soon unmanageable. The occupants were thrown out and the rig badly smashed up.

The Fox Lake cemetery society met with Mrs. May Carfield, Thursday. About ninety were present at dinner, the proceeds of which amounted to \$15.05. Mrs. Marie Gulver donated \$5.00 and Mr. Thomas Meade also gave a \$1.00 making a total of \$21.05.

### 40 YEARS AGO: OCTOBER 27, 1932

Not only Antioch residents, but music lovers from surrounding communities and towns are showing a great deal of interest in the visit Mary McCormic, radio star and opera singer, will pay here Nov. 1. Miss McCormic will sing in the Antioch Township High School auditorium. Ushers for the concert will include Clarice Minto, Janice Kapple, Eileen Snyder, Mildred Horan, Betty Lu Williams, Lois Bonner, Ruth Turnock and Phyllis Luedtke.

Bus service between the Lakes region and Waukegan has been discontinued by the American Coach company for the winter months. The company plans to resume this accommodation again in the spring.

F.O. Hawkins has been chosen by the newly elected Antioch Recreational committee as its chairman, Robert Wilton as treasurer, and Mrs. E.J. Hays as secretary.

Have this famous Speed Queen delivered to your home during this special sale, and you'll have no laundry soap expense for a whole year! Think of it! For \$51.50 you get this New Model "O" Speed Queen and a full case of genuine Rinso.

### 20 YEARS AGO: OCTOBER 23, 1958

Heavy fog and evident negligence were blamed for several minor shotgun wounds received by hunters during the opening day of the duck hunting season last Saturday.

A small car wallowed fender deep in a slough Saturday night after sideswiping another auto trying to make a left turn from Rte. 83, just above the state line.

The dedication of the B.J. Hooper Grade School at Lindenhurst Sunday will officially mark the partial solution of growth problems in the Lake Villa area.

A new dentist has opened offices in Antioch. He is Edward C. Warner who comes here from Waukegan.

### 10 YEARS AGO: OCTOBER 24, 1968

Construction plans for the proposed new Antioch Library took a giant step forward Tuesday with the notification that the federal grant of \$80,000 has been received.

Mrs. Josephine D. Gordon of Winnetka has recently made possible the construction of the new high school boys' residence at the Allendale School for Boys, in Lake Villa. The building will be known as the Leslie S. Gordon Memorial Cottage in memory of her late husband.

The Lake County Junior College will begin operations in 11 months.

This must be the year for the Grecians. First it was Agnew, then Onassis and now a safe landing for Apollo Seven!

Doc Solar and his lovely wife Marge have recently moved into their new home and offices on Rte. 21. Doc's office in the Savings and Loan will be turned over to Arnold Schuelemeister who has recently graduated from beautician's school and will be opening a shop.

Get well to Dave Toft who managed to acquire the mumps and along with other illnesses on the part of the cast members, delayed the play "Mouse on the Moon" which was to have been presented at the high school this coming Friday and Saturday. New show-date will be Dec. 6 and 7.

STATE SENATE CANDIDATE Walter R. Nathan and Lake County Clerk Grace Mary Stern are pictured with their spouses at a fund-raising event in Gurnee for Sheriff

Chick La Magdeleine. From left to right are: Wendy Nathan, Walter Nathan, Grace Mary Stern and Hub Stern.

## New phone books being delivered

It's a book you'll find in every home, and people use it every day. But nobody ever reads it from cover to cover.

That's the telephone directory, and this year's edition is on the way.

Some 50,000 new directories for the Chain O'Lakes are being delivered now, according to Bill Kaucher, local Illinois Bell manager.

THE COVER OF THIS year's directory portrays some of the attractions of Illinois, the Prairie State.

It has cities and farms, transportation centers and natural resources. Illinois also is noted for its educational institutions and as a central marketplace of the nation, as the cover shows.

"Inside the front cover," Kaucher said, "are the vitally important emergency numbers - where to call for the local police and fire departments, or for medical help."

The new directory shows 911 as the emergency number for Antioch, Lake Villa and Lindenhurst, as well as listing non-emergency and administrative numbers for the villages.

THE FIRST FEW PAGES have other important information: Calling instructions, types of telephone

service available, long distance rates, unit charges, and telephone area codes across the country.

Kaucher reminded everyone to check through last year's books before discarding them.

"People often use directories as a storage place," he said, "and then forget they've put something there. Letters, important documents, even money, have been found in discarded directories."

Anyone who hasn't received the new directory by Oct. 31 should call the local telephone company business office. A book will be delivered promptly.

Requests for additional copies or for directories from other areas may also be made to the business office.

# Citizens show concern for school problems

About 85 parents and teachers came on Tuesday night of last week to a meeting of Antioch's Grade School Board.

They brought questions and comments regarding recent difficulties between the District 34 board and teachers.

Mrs. Peggy Zurek, president of Antioch Teachers Association, was the first to address the board.

"THE SPIRITS AND MORALS in this district have never been lower," said Mrs. Zurek, who charged "unwillingness of the board to play fair at the negotiations table."

Following Mrs. Zurek's statement, Mrs. Gail Heath, president of the board, announced that the meeting would remain open for 30 minutes for questions from the audience.

Mrs. Heath then read a prepared statement in which she answered five allegations placed against the board by the teachers.

MRS. HEATH DENIED the allegations that teachers have been treated disrespectfully and that the board has something to hide.

"This board does not have anything to hide. We are bargaining with limited resources," said Mrs. Heath, who said the board is presently operating at a \$261,000 deficit.

Increase in salary is one of the points of conflict between the board and teachers.

Teachers are requesting a 4 percent step (automatic increase), 4 percent cost of living increment, and an 8.4 percent salary raise.

The board is offering a 4 percent step and a 2 percent salary raise.

OTHER POINTS of conflict include: the teachers' request for a 6 1/4 hour workday, whether or not board policy is written into teachers' contracts, whether or not negotiation sessions be open to the public or tape-recorded, and whether or not the teachers should have a professional negotiator in the room.

The board maintains that the teachers' choice of negotiator, Mr. Glen Smith of Lake Villa, would bring to the negotiation table outsiders who have no vested interest in the community.

Mr. Jerry Pinkham, a College of Lake County

instructor and chief negotiator for CLC teachers, asked board members why they felt justified to use an outside professional consultant in one instance (an insurance consultant) and not in the instance of teacher negotiations.

The board had no response.

Rick Bryan, a spokesman for the teachers, said that since both sides are concerned with "half-truths and distortions" why not open up meetings to the public to dispense with factual discrepancies.

MRS. KAY DeROUSSE of Antioch, a teacher in another district, said that negotiations have reached a point where they have become personal.

"I suggest you fire your negotiators. They are getting nowhere," she said.

Mrs. Kathy Cirone, a parent, said she felt that pettiness was interfering with the children's education.

LAST WEDNESDAY NIGHT, the negotiating committee met for more than three hours. The teachers' professional negotiator was not present.

The meeting was described as "amiable" by Bryan.

School board member Bruce Jablonski said of the meeting, "It seemed to be better than it has been in recent weeks."

According to Bryan, nothing substantial was agreed upon and no "serious offers" were made by the board.

"They rejected compromise after compromise," said Bryan.

According to Jablonski, "vast headway" was made in the area of maternity leave.

"The board felt pleased with the progress that was made," he said.

Bryan said teachers are currently taking as moderate an approach as possible.

"Teachers see compromise as the only way out. How to get that compromise is the problem," he said.

REIGNING REGALLY at Antioch's Homecoming last Saturday was the young lady chosen to be queen, Vicky Manuel. (More Homecoming pictures on pages 16 and 17.)

## School contest

Continued from page 1

All entries will be judged on the quality of the reasons used to recommend the name and whether or not the name fits one of the three categories.

A screening committee will submit the five best entries to the district's board of education by Jan. 2. The final selection will then be made by the board.

## A Message to REPUBLICANS

## from REPUBLICANS

Why are responsible Republicans in increasing numbers supporting Walter Nathan, a Democrat, for State Senator from the 32d District?

First, he will bring vigorous, effective representation to the state Senate for Lake County, something we have been lacking for years. Second, and we think this is very important, the independent Voters of Illinois, after reviewing the qualifications of this very capable young man and the record of his opponent, **Karl Berning, UNANIMOUSLY ENDORSED WALTER NATHAN FOR STATE SENATOR IN THE 32d DISTRICT. IN ADDITION, WALTER NATHAN IS ONE OF THE FEW CANDIDATES FOR PUBLIC OFFICE THAT HAS BEEN ENDORSED BY BOTH THE CHICAGO TRIBUNE AND THE CHICAGO SUN TIMES.**

Here is what Walter Nathan stands for:

- \* He believes the time has come for property tax relief through reducing government spending at the state and local levels, and eliminating and consolidating special taxing districts.
- \* He believes in eliminating government waste and extravagance.
- \* He supports a balanced state budget, vigorous prosecution of welfare fraud and reform of public aid.
- \* He opposes any increase in the state income tax.
- \* He supports a more favorable business climate in Illinois. Too many jobs have been lost to other states and too many industries have been discouraged from locating in Illinois because of the state's outdated and inequitable unemployment compensation and workman compensation laws.
- \* He believes the RTA has shortchanged Lake County in service. He will fight for elimination of RTA funds from this district if the RTA continues to ignore our transportation needs.
- \* He believes that — **GOVERNMENT CANNOT AND SHOULD NOT DO EVERYTHING, BUT WHAT IT DOES, IT MUST DO WELL AND EFFICIENTLY!**

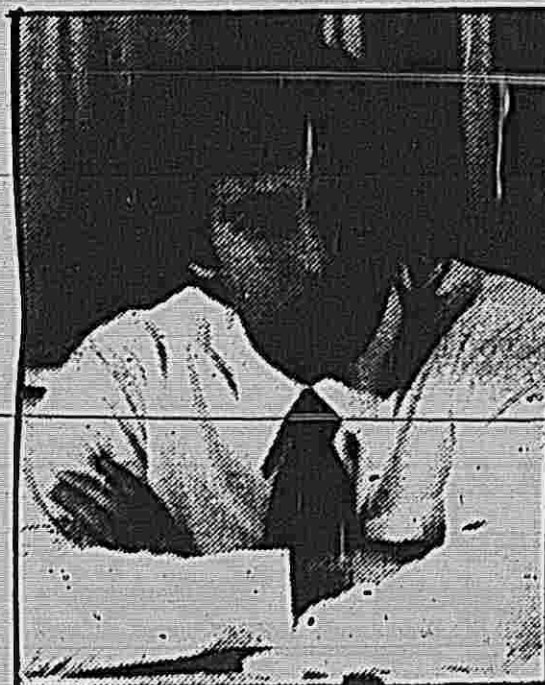

Now a word about his opponent:

- \* A recent Chicago Magazine survey, published in the Chicago Tribune, rated Walter Nathan's opponent as one of the 10 worst legislators in Illinois.
  - \* An Illinois Conservative Union study concluded that Walter Nathan's opponent was the 13th biggest spender in the Illinois Senate and the least frugal Republican of that body.
  - \* The opponent has refused to debate Mr. Nathan indicating an unwillingness to have his record scrutinized in a public forum.
- The 32d District needs vigorous representation in the Illinois Senate. Split your ticket on November 7 and vote for Walter Nathan for State Senator.**

ELECT WALTER R.

# Nathan State Senate 32nd

Paid for by Republicans for Nathan, 260 Cedar Lake Road, Round Lake, Illinois.

## Hearing Loss:

### America's foremost chronic health problem

[Editor's Note: This column by pharmacist Don Mendrala of Antioch Drugs is intended to be informative only and is not to be construed as medical advice.]

By DON MENDRALA

Hearing loss is considered America's foremost chronic physical impairment, affecting more than the total number of people handicapped by other disease which limit a person's ability to function normally, such as arthritis, poor vision and heart disease.

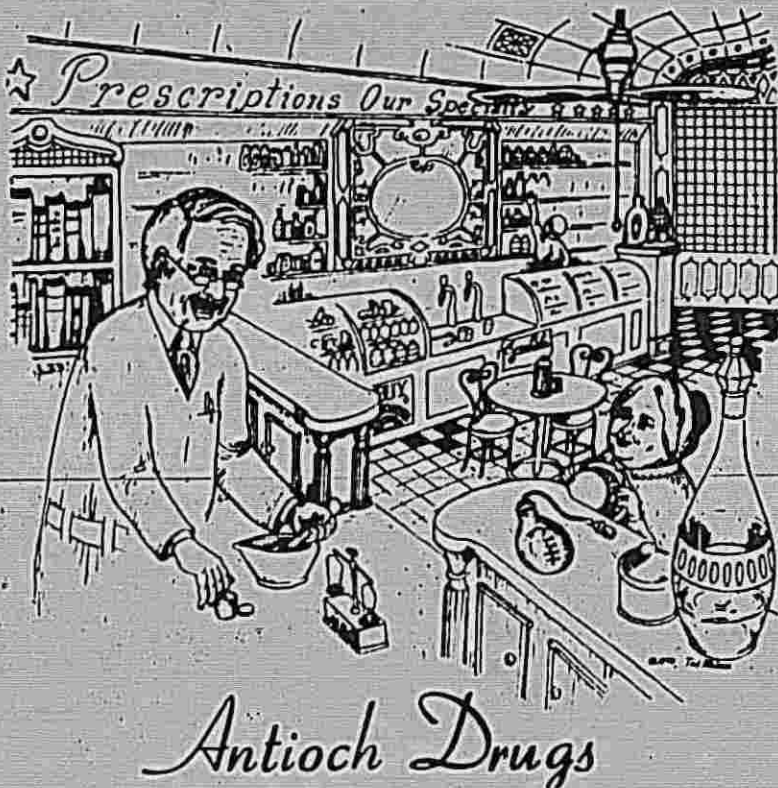

According to the latest United States Public Health Service study, more than 19 million persons are affected with hearing disabilities, including 3.5 million school age children.

In a study conducted by both the New York University Deafness Research and Training Center and the National Association for the Deaf, independent researchers concluded that there were actually 203 deaf persons for every 100,000 population segment in the United States.

HEARING IMPAIRMENT can result from a number of causative factors, either independently or in combination with each other.

Difficulties can result from the damage done by high fever caused by viral infection, external accidents which can damage parts of the inner ear, the extreme accumulation of ear wax, and deterioration due to aging, considered to be the leading cause of deafness in this country by many. Other causes are dietary deficiencies which hinder and restrict the nutritional maintenance of the delicate and specialized tissues within the inner ear (which receive and transmit sound to the brain's hearing center), and congenital or birth defects.

SOME RESEARCHERS, however, are concerned with the causes of the dramatic rise in the number of people suffering from hearing impairments, since the last wide-scale survey on deafness, conducted over 40 years

ago, showed that less than half the present number of people were suffering from hearing loss.

Hearing experts speculate on a number of reasons for what to them was a "surprising increase" — a better means of general medical treatment which now enables people to survive diseases which would ordinarily killed them in the past but now leave them with physical disabilities as an aftermath, such as the hearing impairment caused by meningitis, once considered a fatal disease. Also, a sizeable increase in the incidence of congenital deafness, largely the result of the increasing number of marriages among people with this form of deafness; and the increased length of life expectancy, since gradual hearing loss is associated with aging.

THE INCREASING NUMBER of loud and harsh sounds of environmental noise is recognized by many experts as a major contributing factor to the increase in hearing difficulties.

Noise levels in American cities have doubled in 10 years and in some places are 64 times higher than 15 years ago.

With the noise increase has come the increased hearing loss. This sonic pummeling has not only become a part of our personal environment, but it has become the leading industrial hazard for workers.

## December wedding planned

DEBBIE PAYNE

The engagement of Debbie Payne to Kelly Baird, son of Mr. and Mrs. Ronald Baird of Bensenville, has been announced by her parents, Mr. and Mrs. Charles Payne of Antioch. The young couple are planning a Dec. 30 wedding.

The bride-elect is a graduate of Augustana College and is teaching fifth grade in Lincolnshire.

Her fiancé is a senior at Augustana College, majoring in elementary education.

## Woman's Club hears talk on nuisance phone calls

By IRENE CLEMENS

Guest speaker at the Antioch Woman's Club meeting last week was John T. Magnuson of the Illinois Bell Telephone Co.

He gave a talk on how to handle troublesome telephone calls. Examples were played from a cassette tape and Mr. Magnuson then discussed the best procedure to follow on receiving nuisance and sometimes frightening phone calls.

THREE NEW MEMBERS, Mrs. Daniel Lang, Mrs. Donald Knowlton and Mrs. Donald Skidmore, former secretary of the Amboy Woman's Club, were welcomed into the Antioch group.

Mrs. Eugene Zannini and Mrs. William Brook, ways and means chairman and co-chairman, proposed that a raffle of new items donated by members be held at the next meeting, which will be a pot-luck luncheon at the Antioch Methodist Church on Nov. 6 at 12 noon.

THE CLUB CALENDAR for the rest of 1978:

Nov. 6, Antioch Methodist Church, Reciprocity Day (pot-luck) 12 noon.

Nov. 20, First Bank of Antioch, 1 p.m.

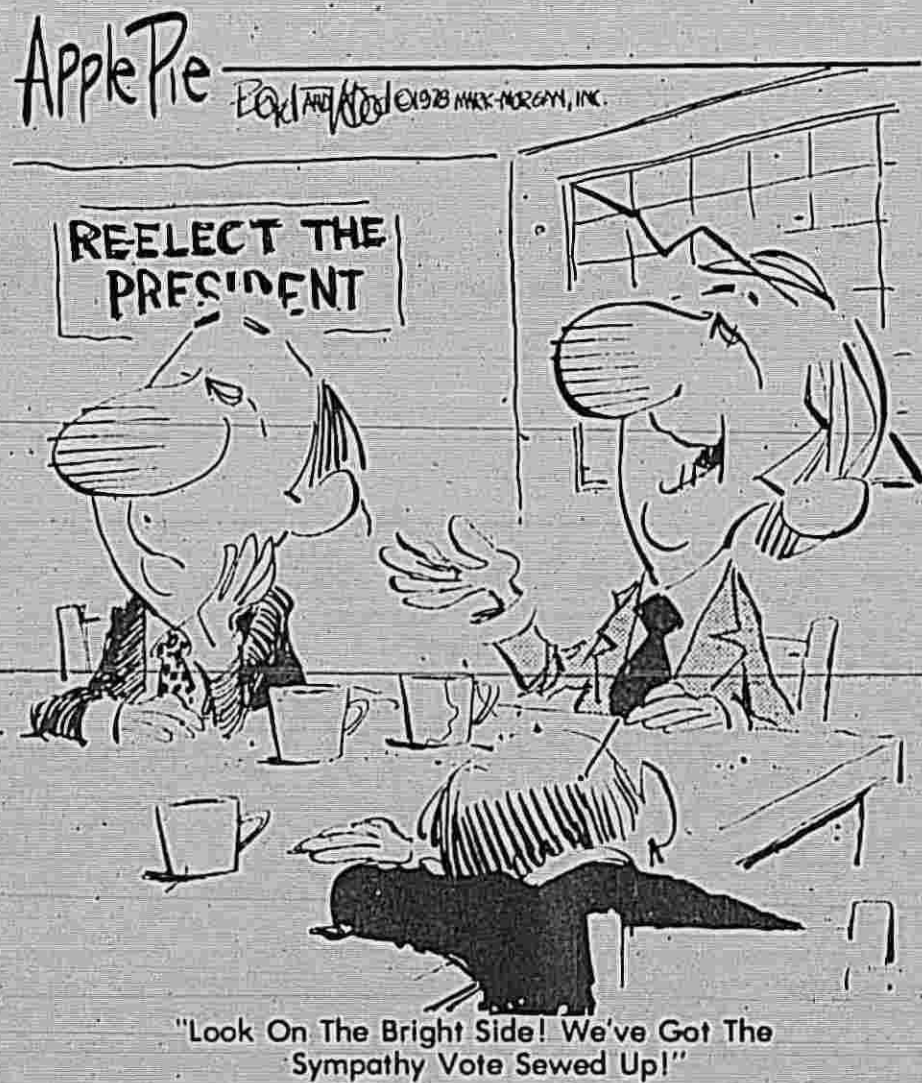

Dec. 4, First Bank of Antioch, Christmas Party (pot-luck) 12 noon.

## Names in the NEWS

H. Dean Bradley, a registered pharmacist and a resident of Antioch, has celebrated 40 years with the Walgreen Company.

A pharmacist at the Walgreen Drug Store at 2215 Belvidere, Waukegan, Mr. Bradley received a diamond-studded gold emblem in recognition of his long service.

A "FIFTY-PLUS" reunion of Antioch High School alumni, their husbands, wives and friends, was held at the Cabriolet in Libertyville. The group voted to hold another reunion next year. Attending this year were representatives of classes ranging from 1916 to 1929. Information about next year's reunion can be obtained from Glenn Roberts Simpson in Mundelein, phone

566-1954, or by writing her at Rt. 1, Box 358 in Mundelein. "This year," Mrs. Simpson said, "members of the various classes recalled events of their years in school, the good times, favorite teachers, exciting athletic teams and escapades of classmates."

## Energy crisis plan adopted by schools

A four-day attendance plan to be used during state-declared energy emergencies was adopted last week by Antioch's Grade School Board.

Should a crisis occur, District 34 would conduct school four days each week, closing on the fifth day for purposes of energy conservation.

According to Dr. Donald Skidmore, District 34 superintendent, the likelihood of an energy crisis being declared this winter is highly unlikely, but the schools may face this situation in years to come.

THREE BOARD MEMBERS have volunteered to serve on a committee for housing projects. They are Ed Haley, Clinton Glover and Sid Parker.

They will serve with a three-member committee from the high school. Their function will be to meet with developers to work out agreements for cash or land contributions to the school districts.

THE BOARD APPROVED the district's participation in a student teacher aide program to be conducted in conjunction with Antioch High School.

The program is scheduled to begin in the spring semester and will be offered as a one-semester course.

Selected high school seniors will assist elementary teachers in the classroom and will also work directly with small groups and individual pupils.

Mrs. Barbara Carlson has been hired for the duration of the 1978-79 school year as a teacher at Oakland Grade School. She will replace Mrs. Delores Hein.

### A Checklist For Fire Prevention

## Don't Let Negligence 'Burn' You

Fall is clean-up time, and while you're putting away the yard tools for another year, storing the house paint, and cleaning out that store room, a quick inspection of your house or apartment can help secure against fires.

Patrick Genovese, loss control property manager at CNA Insurance, outlines some practices and procedures to avoid needless risks that result in the loss of \$2½ billion worth of American property each year. If you can answer "yes" to these questions, your dwelling will have a much better chance of being void of fire hazards.

- Have you stored rags with paint, thinners, or other flammable liquids on them in tightly closed metal containers?

- Did you have your furnace, hot water heater, and chimney serviced and inspected?

- Have you cleared out piles of old papers and oily rags which may have collected in your store room, basement or garage?

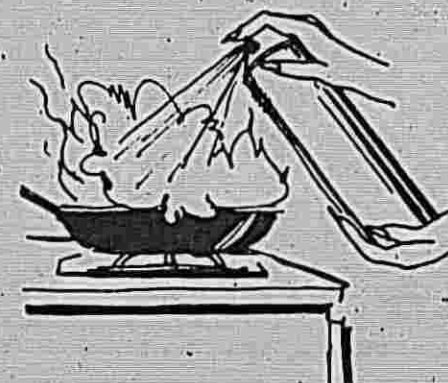

- Did you check all elec-

trical outlets to be sure they are not overloaded?

- Are the gas for your lawn mower and the starter for your barbecue stored

safely?

- Have you installed smoke detectors on the ceiling or walls of hallways outside bedrooms to warn you if a fire should start while your family is sleeping?

## Along the way with ANNIE MAE

Don't forget, the village has specified that trick or treat hours in Antioch will be from 3 to 7 p.m. next Tuesday, Oct. 31.

It's interesting how the costumes kids wear change from year to year, depending on what's "in." This year we can expect to see some Darth Vaders and Princess Leias at our doors.

We're a day late, but we hope June Ruck had a happy birthday yesterday — Tuesday, the 24th.

Today, Helen Reddy turns 37 and a singer we consider equally talented, Barbara Cook, is 51. Wonder if you ever heard of Barbara Cook. She starred in "Oklahoma!" and other great musicals on Broadway.

LEE TREZISE, THE NEW executive secretary of the Antioch Chamber of Commerce and Industry, reports progress being made on the "first annual" Miss Antioch Pageant.

The committee, headed by Brad Ipsen, has already selected the date — Saturday, Mar. 24, 1979.

That date may be just the beginning of pageants and competition for our local winner. It is a date we should "jot down" now so we will be available to show our support and excitement. It is a date to express pride in our community and in the beautiful and talented girls who will be representing us.

AN OLD-FASHIONED "Thanksgiving in the Country" will be held Saturday, Nov. 18, at St. Peter's Social Center. Chairpersons are Joe and Doris Veith, and Hank and Ricky Apostol.

Tickets are on sale at the parish rectory, the First Bank, State Bank and the Savings & Loan. The price is \$9 a person, which includes a delicious dinner, dancing and a chance for a "Weekend for Two" (place not determined yet). Cocktails begin at 6:30 with Jane Kish at the organ. Dinner is at 7 p.m. with dancing to "The Sound Investment" at 9.

Be sure to get your tickets ahead of time. No tickets will be sold at the door.

WHAT'S NEW in pink and blue? Well, in blue there is Jeffrey David Schawel, born Sept. 10 at Lutheran General Hospital in Park Ridge. Jeffrey's mom and dad are Mr. and Mrs. David Schawel of 1060 Victoria St. He has two big sisters: Cori, 7, and Sara, 2.

Also new in blue is Lawson Turner Ipsen, born Aug. 17 in Little Rock Ark., to Lonn and Linda Ipsen. Grandparents, of course, are Lee and Gert Ipsen of Antioch.

(We're a little late announcing Lawson's arrival, so Gert laughed and said: "Oh, finally, the poor kid's almost in kindergarten already.")

DID YOU KNOW that "Miss Sex Appeal" at Antioch High School is Jean Humphreys? And that "Mr. Irresistible" is John Filkey?

They were the winners of "Hush Day" activities during Homecoming week.

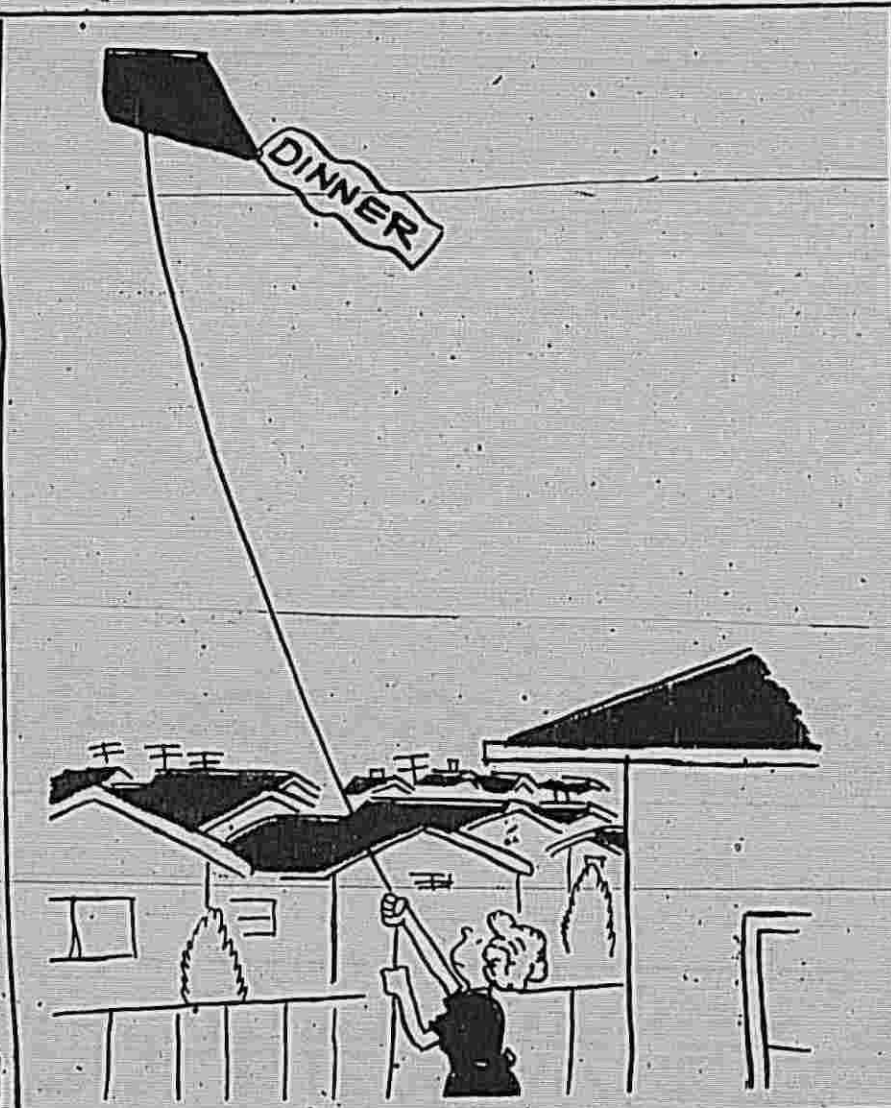

What's "Hush Day?" Well, here's how it worked:

During "Guys Hush Day," boys were given buttons by the student council and told not to talk to girls. When a girl succeeded in getting a boy to talk to her, the boy had to surrender his button to the girl. The girl with the most buttons at the end of the school day was declared the winner.

In "Girls Hush Day," girls were given buttons and told not to talk to boys. When a boy succeeded in getting a girl to talk to him, the girl had to surrender her button to the boy. The boy with the most buttons at the end of the day was declared the winner.

In "No Class" Day, (bad taste in clothing day), the winners were chosen by a student judging panel. They were Bob Hastings and Sue Girten.

On "50's" day, students dressed as students of the 1950's. The winners were Dan Boarini and Sue Apostol.

## REFLECTIONS ...

### Women's intuition -- it's utterly befuddling

By LINDA BARNES

One of the surest ways to confuse, beriddle and befuddle a man is to set before him the idea of a woman's intuition.

In all types of affairs and situations, a woman may exercise her keen sense of intuition with a piercing insight or prophetic prediction.

To this, the masculine, slightly miffed, may wrinkle his nose and ruffle his feathers a bit, amazed or annoyed that something so utterly feminine could be so utterly right.

The braver ones may ask — "How did you know that?"

THE ANSWER, INTUITION, of course, usually brings a blank, fixed stare which seems to say, "I wish I knew what you are talking about."

A woman, bound and connected to life's rhythms and cycles, uses intuition as her daily guide. She acts instinctively and makes her decisions in the direction which, simply put, feels right.

This puzzles rational and pragmatic man. Momentarily, he may feel a great distance between himself and the feminine.

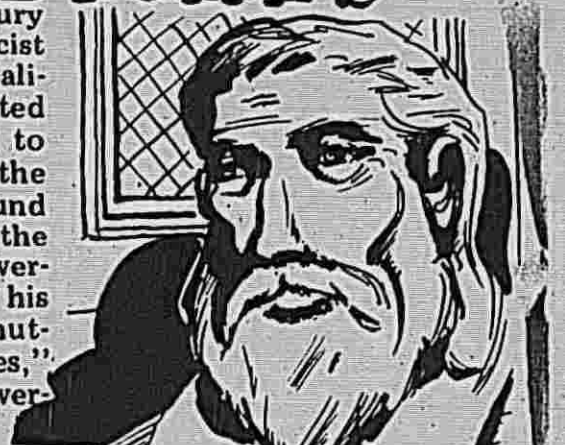

A FLUTTER OF ENVY may arise at such incomprehensible knowledge and wisdom. He may even hope for the secret which will untap his own hidden powers of intuition.

In a world constructed and run by the logical, mathematical and rational, perhaps some room should be made for the intuitive in life.

It is woman's gift to the world and once recognized by man as legitimate, may serve to further unite the sexes.

## WEB LIBRARY!

The great 17th century astronomer, physicist and mathematician, Galileo Galilei was convicted of heresy and forced to recant his views that the earth revolved around the sun rather than the other way around. Nevertheless, at the end of his trial, it is said he muttered, "Still, it moves," and subsequent discoveries proved him right.

For some 15 years, the Amalgamated Clothing and Textile Workers Union (ACTWU) has been filing charges of unfair labor practices against J. P. Stevens, but many of them appear to be as unfounded as the stationary earth theory. The National Labor Relations Board has recently dismissed four charges against one Stevens plant, and a NLRB judge has dismissed seven others.

Dr. Joseph Lister discovered in the 19th century that cleanliness on the part of doctors could greatly reduce patient mortality. Although some of his colleagues considered his ideas ridiculous, he, too, was vindicated, and his theories saved many lives.

### FRANK ReCUPIDO

#### A CANDIDATE FOR COUNTY BOARD DISTRICT 4, IS A MAN OF THE PEOPLES - FOR THE PEOPLE.

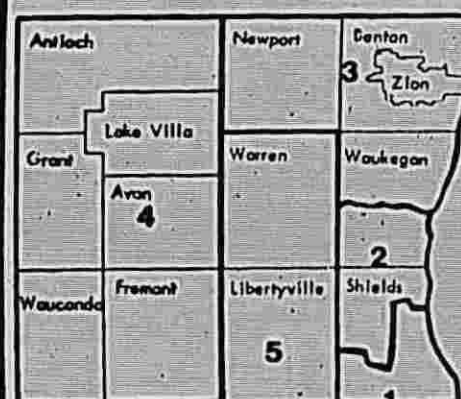

He feels it is his duty to inform the voters of District 4 (see map below — Antioch, Lake Villa, Grant, Avon and Fremont Townships) that we have a candidate for County Board who is holding an elected office as Tax Assessor for Antioch Township. This is an important full time job. He has approximately two years to complete his four year unexpired term. County Board Member jobs are full time jobs and require daily attendance of Board Members. Many voters feel there would be a conflict of interest should this office holding candidate be elected to the County Board.

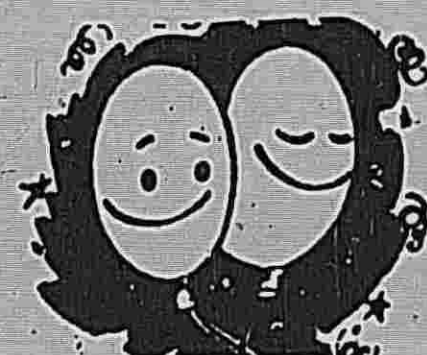

The offices' of operations are approximately 30 miles apart. The Tax Assessors office is in Antioch. The County Board office is in Waukegan. It is impossible for any individual to do justice to either office under these circumstances.

**A VOTE FOR FRANK ReCUPIDO — A MAN OF ACTION AND DETERMINATION — WILL ASSURE THE CITIZENS OF DISTRICT 4 PROPER AND FULL TIME REPRESENTATION.**

Don't forget to vote Tuesday, November 7. Your vote is important — only if you vote.

County Board Districts, Lake County Illinois

THE ANTIOCH NEWS HOPES  
YOU HAVE A HAPPY DAY.

Your Guide to Fine Dining and Excellent Entertainment

# THE ENTERTAINER

DRACULA AND THE WOLFMAN were among the friendly monsters who welcomed kids to Grass Lake school's annual Haunted House last year. School leaders aren't telling what awaits visitors this weekend when the fourth annual Haunted House is held. Carole Mattson tells us the hours are Friday from 7 to 11 p.m., Saturday from 6 to 11 p.m. and Sunday from 2 to 4 p.m. and from 6 to 8

p.m. The donation is \$1 and children under six are admitted free. Proceeds will help the PTO help children. Boy Scouts will serve refreshments. And, Carole says, "Igor and the Wolfman will be lurking in some small dark corridor, waiting for you, and the horrors of the dungeon await those who dare make the journey!" Brave adults are invited, too.

## Happenings in and around our community

ANTIOCH'S PARKS and Recreation Department will hold a "clown workshop" Saturday, 12 noon to 2 p.m., in the fire station basement.

The workshop will be given by Mrs. Pat Parker.

A Halloween party will be held at Oakland Grade

School on Tuesday, Oct. 31, 7 to 9 p.m. There will be movies, treats and a costume party. Children ages 3 to 14 are invited. Admission is 25 cents.

A HALLOWEEN party and short business meeting

will be held Friday when the junior members of the 10th district American Legion Auxiliary meet at 7:30 p.m. at the Libertyville American Legion Home.

For more information, junior members can contact Mrs. Bernie DeVries, chair-

man for the Antioch group. All persons are to come in costume.

Serving on the 10th district board from Antioch are Americanism chairman, Mrs. Ray Rathmann, and Mrs. DeVries, foreign relations chairman.

## Dinner-Theatre season starts soon at Andre's

Four plays, beginning with "Plaza Suite" on Friday, Nov. 3, are scheduled at Andre's Steak House in Richmond during the coming dinner-theatre season.

"Plaza Suite," performed by the McHenry, Ill., American Repertory actors and actresses, will run on weekends from Nov. 3 through Nov. 19.

Show times are Fridays and Saturdays at 8 p.m. and Sundays at 3:30. Dinner will be served at 6 p.m. on Fridays and Saturdays and at 1:30 p.m. on Sunday.

Since seating is limited, persons must call (815) 678-2671 for reservations.

Featured in "Plaza Suite" are four performers who have starred on the PM&L stage in Antioch: Lillian Allen, Tricia Schaefer, Tom Hausman and Ann Marie Cinna.

At Andre's in January will be "Under Papa's Picture." The February show is "Owl and the Pussycat" and March's attraction will be "Norman, Is That You?"

### HAPPENINGS at Andre's STEAK HOUSE

## Band Parents plan 'Fun Fair' for Halloween

The Antioch Grade School Band Parents Association will hold its second annual Halloween Fun Fair Sunday from 1 to 5 p.m. at the Upper Grade School on Highview Drive.

There will be many new games this year and a magic show will be given throughout the day by David Kelly.

Children in costumes will be judged at the following times: Pre-school, 2 p.m.; grades K, 1st, 2nd, 2:30 p.m.; grades 3rd, 4th, 5th, 3 p.m. and grades 6th, 7th, 8th, 3:30.

ANYONE WISHING to make a cake for the cake-walk can deliver it to the gym around 12:30 p.m.

There also will be a plant sale.

New this year will be a paperback book booth. Persons wishing to donate paperbacks can call Gwyn Portwich at 395-0844.

Also new this year will be a balloon race. The card mailed back from the farthest away will win.

HELP IS NEEDED to work the various booths at the Fun Fair. Volunteers can call either Judy Wells at 395-1751, Mary Fries at 395-1435, Elsie Quedenfeld at 395-1355 or Bonnie Borla at 395-1628.

"There will be lots of food and drinks, so you won't have to cook," Mrs. Borla said.

## Women of the Moose

Building membership was the first topic senior regent Judith Kelly spoke on at last Thursday night's meeting of the Women of the Moose.

She urged her co-workers to invite their families and friends to join the fraternity.

Two members, Betty Dahlke and Elizabeth Andersen, were cited for sponsoring new members.

Jerri Polson, star recorder chairman, and Ann Byczek, Mooseheart chairman, gave reports on their committees.

Catherine Kloth was honored in the birthday march for October.

The senior regent reminded members of the upcoming events.

The Halloween party is scheduled Oct. 29 for members who have signed up their children.

The annual "Feather

- Probably the oldest musical instrument is the flute. Made since cave-dwelling days, they were fashioned originally from bamboo, or some other hollow wood and, before that, from birds' leg bones.

## Happenings

THE LAKE County Area Vocational Center, in Grayslake, will host its second annual open house Sunday from 2 to 5 p.m.

All classrooms and laboratories will be open to interested community members, and students will be available to explain the curriculum and projects of each program area.

The vocational center, adjacent to the College of Lake County, serves high school juniors and seniors during its daytime operation. Programs range from auto body and auto mechanics to data processing and ornamental horticulture.

THE COLLEGE of Lake County music department will present a band and choral concert Sunday at 3 p.m. in the Orange Court of the main campus building in Grayslake.

Presenting a variety of classical and popular music will be the college's wind ensemble, directed by Bruce Mack, music instructor. French hornist Robin Schoonhoven of Lake Villa will be featured in "Concerto for Horn."

The concert is free and open to the public.

There are over six million more women of voting age than there are men.

## BIRTH OF A SANDWICH

Sometime during the 16th Century a devoted gambler ordered meat served between two slices of bread. He asked that it be brought to the gambling table which he was reluctant to leave because he was winning. His name was John Montagu, Fourth Earl of Sandwich. And that is how the sandwich was born ... and named by its designer.

Centuries have passed. New foods and convenience foods have appeared in the Western world. But the sandwich has not lost its identity. In fact, it continues to win friends. It makes a wholesome meal to carry to work and to school. And with the variety of breads available today, there are infinite possibilities for breakfast as well as lunch.

Bread for sandwiches to carry or to eat-on-the-run must be firm, not soft. It should slice clean, without tearing or crumbs. And it must be compatible with favorite fillings. The following recipe for Potato Rye Bread meets those specifications. Seasoned with onion salt and caraway seed, it offers aroma as well as taste. The recipe calls for two cups of mashed potatoes which contribute toward a moist, firm crumb. It goes well with cheese, ham, mustard, fish, bacon and peanut butter and responds favorably to toasting as well.

### POTATO RYE BREAD

4 cups unsifted rye flour  
2 1/2 - 3 cups unsifted flour  
3 teaspoons onion salt  
1 Tablespoon caraway seed  
2 packages Fleischmann's Active Dry Yeast

1 cup water  
1/2 cup dark molasses  
2 cups mashed potatoes

Combine flours; in a large bowl thoroughly mix 2 cups flour mixture, onion salt, caraway seed and undissolved Fleischmann's Active Dry Yeast.

Combine water and molasses in a saucepan. Heat over low heat until liquids are very warm (120°F. - 130°F.). Gradually add dry ingredients and beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Add potatoes and 1 cup flour mixture. Beat at high speed 2 minutes, scraping bowl occasionally. Stir in enough additional flour mixture to make a soft dough. Turn

out onto lightly floured board; knead until smooth and elastic, about 8 to 10 minutes. Place in a greased bowl, turning to grease top. Cover; let rise in a warm place, free from draft, until doubled in bulk, about 1 hour.

Punch dough down; turn out onto lightly floured board. Divide dough into 2 equal pieces. Shape each half into a loaf; place in a greased 8 1/2" x 4 1/2" bread pans. Cover, let rise in a warm place, free from draft, until doubled in bulk, about 1 hour.

Bake at 375°F. for 25 minutes, or until done. Remove from baking pans and cool on wire racks. Makes 2 loaves.

## Astro-Analysis

By Sonia

**ARIES** [March 21-April 19] - Joint affairs continue to hold precedence; accept the knowledge and assistance of partner in business matters.

**TAURUS** [April 20-May 20] - You get public attention so keep image above board. Deal with those who oppose your choices tactfully but firmly. Consider new offers carefully before deciding.

**GEMINI** [May 21-June 21] - This week is good for effectively clearing up pending matters and beginning a new work program. Your efficiency at attending to details should now be put to use.

**CANCER** [June 22-July 21] - Although social activities and romantic ventures are favored, a good trend also prevails for investments and speculating. You can enjoy a diversified week, welcome the change of pace.

**LEO** [July 22-August 21] - Most interests are now centered around home life and family affairs. You can successfully incorporate social activities in a domestic environment so do some entertaining on the homefront.

**VIRGO** [August 22-September 22] - Your abilities to convey thoughts, ideas to others creating a workable project is excellent this week. Some may consider your suggestions somewhat eccentric.

**LIBRA** [September 23-October 22] - Personal achievements which concern career plans hold more importance; goals can be met by projecting energy, efforts. Be open minded about new offers but don't come to hasty conclusions.

**SCORPIO** [October 23-November 21] - An excellent trend for projecting aims, experimenting with new ideas. New adventures enlighten and may change your views.

**SAGITTARIUS** [November 22-December 20] - You can enjoy a productive week but keep things on a low key basis. Not a time for major changes in routine or plans. Be selective about company you keep.

**CAPRICORN** [December 21-January 20] - A good impression upon others wins you friends, circulate where you're apt to meet new people. Hopes and dreams can now be realized.

**AQUARIUS** [January 21-February 19] - Be willing to accept changes with employment as there's room for improvement now. Resolve to take added responsibilities if necessary.

**PISCES** [February 20-March 20] - Those previously made long-range plans can now be cultivated. Sharing new ideas with others helps to expand horizons. Some travel is indicated.

## Responsibility taught in kindergarten

Kindergarten students at Channel Lake School have been learning about responsibility.

Mrs. Mary Grover has been teaching her kindergarten class a unit on "me." The students learn how they change as they grow, and how their responsibilities increase as they grow older and bigger.

The lesson is part of the social studies curriculum used in the Antioch elementary schools. A special visit by Mrs. Mary Jedele and her children, Karen, 4 years, Donna, 2 years, and Joanne, 10 months, illustrated for the class the different responsibilities which can be assumed as a child grows.

## Dziki member of realtors' land institute

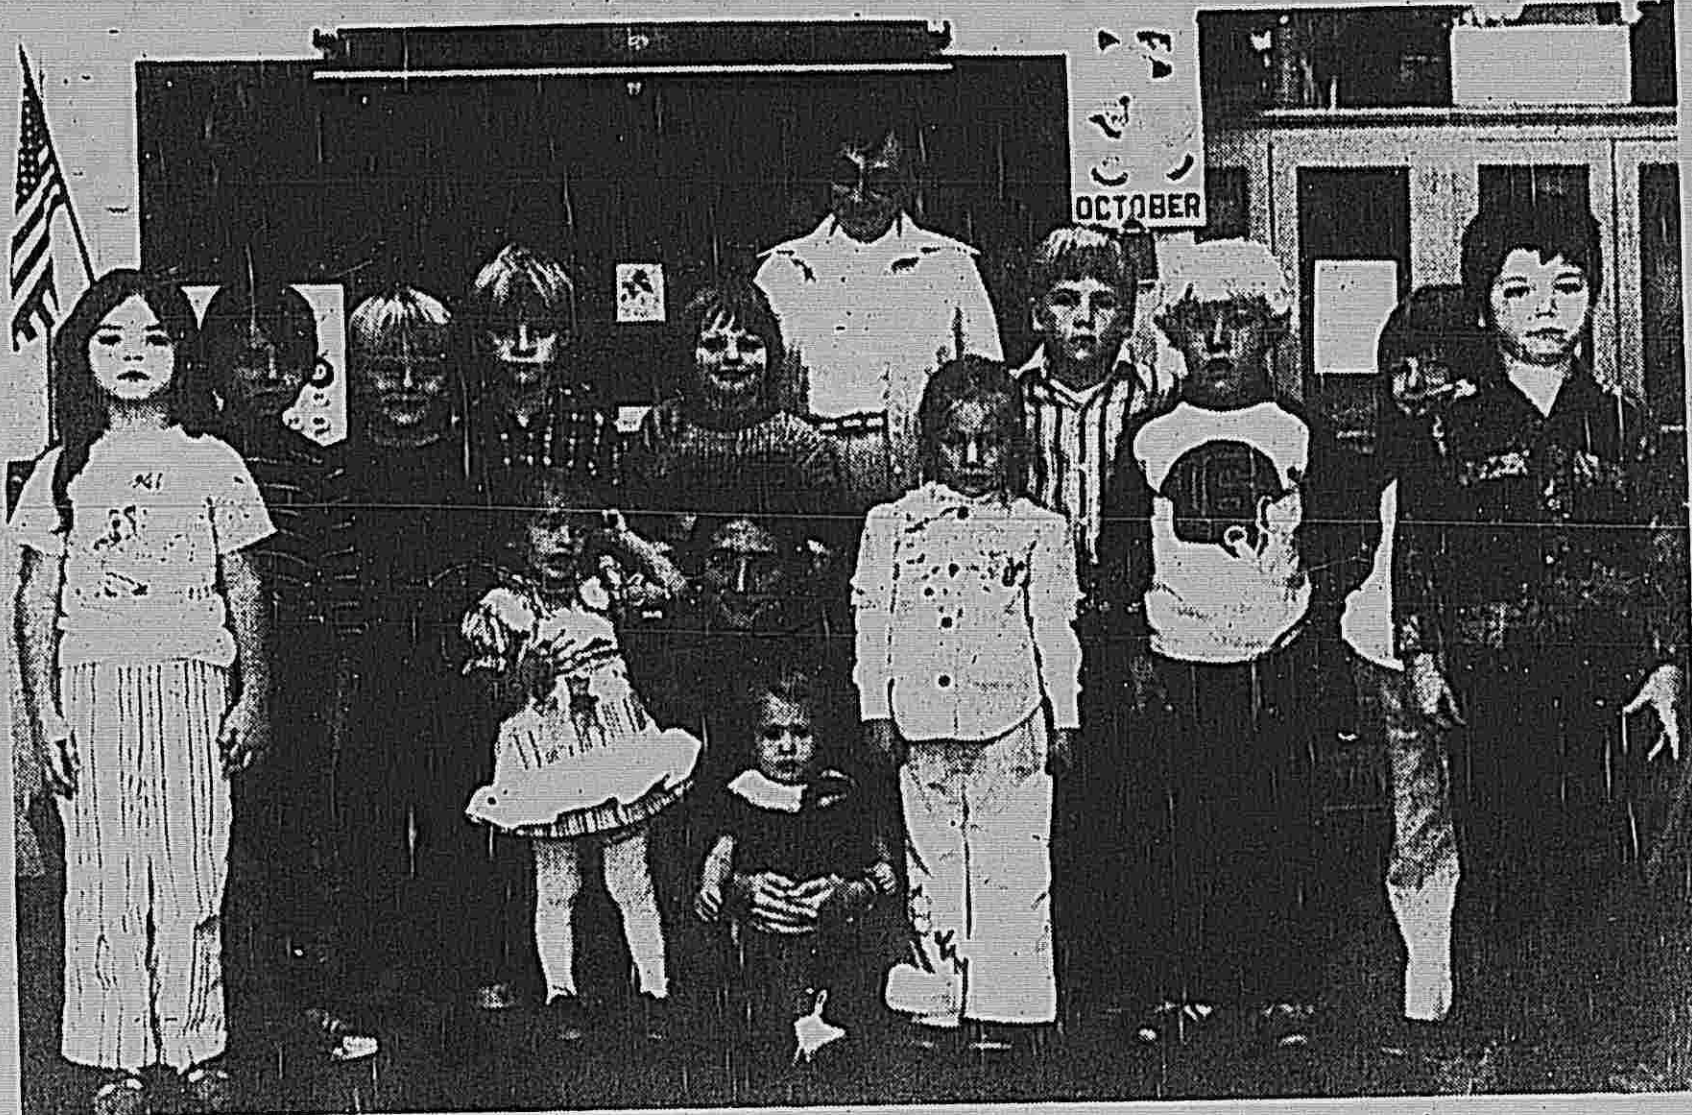

Julian (Jay) Dziki of Realty World-Tiffany Real Estate, Antioch, has been elected to membership in the Farm and Land Institute (FLI).

The announcement was just made by Bake Young of Idaho, president of the institute, an affiliate of the National Association of Realtors.

Members of the institute

are realtors who specialize in selling, buying, managing, appraising and developing land for others.

The institute helps members serve prospective purchasers of land by keeping them up-to-date with a monthly news publication and by offering educational courses designed to broaden the member's knowledge of his field.

CHANNEL LAKE SCHOOL'S "kindergarten responsibility class" included (front row from left) Donna Jedele, Mrs. Jedele holding Joanne Jedele, and Karen Jedele. Standing:

Tina Lyons, Charlie Willemarck, Tim Clark, Paul Frohmeier, Michelle Fencil, Mrs. Mary Grover, teacher, Jeff Henning, Jack Thompson, Heidi Hofer and Richard Guthrie.

"Solitude is a good place to visit but a poor place to stay."

## Parent-teacher conferences set

To increase communication between home and school regarding student progress, adjustment, and general well-being, Antioch Grade School District 34 will conduct parent-teacher conferences.

Each conference will run approximately 15 minutes per subject area. They will be held in four sessions, the first two sessions on Monday, Nov. 6, from 2:20 to 5:20 p.m., and from 6:30 p.m. to 9:10 p.m.

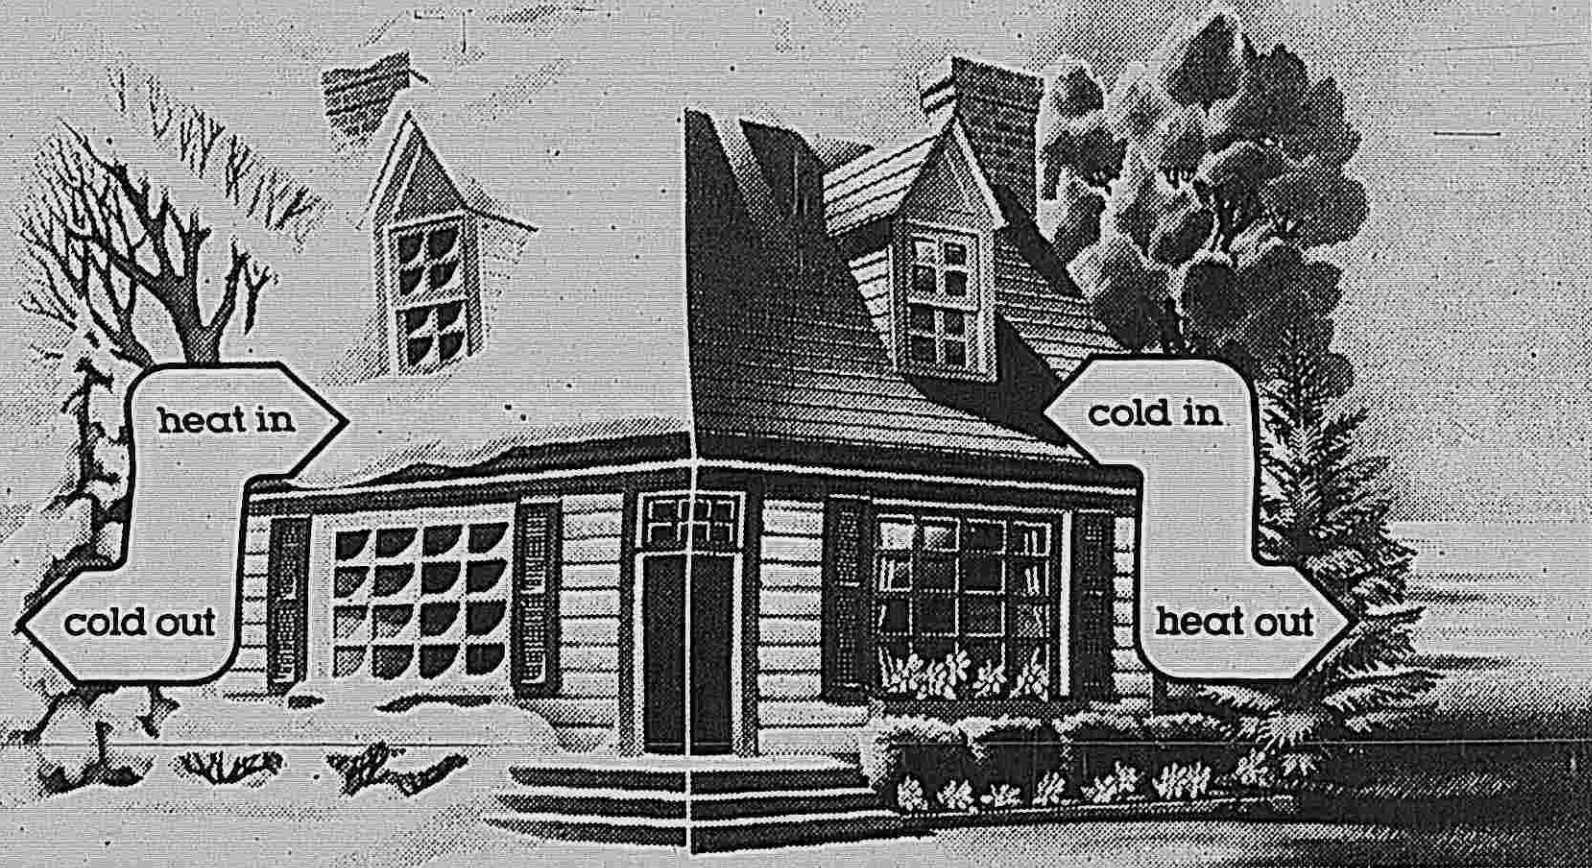

The third and fourth sessions will be Tuesday, Nov. 7, from 8:30 a.m. to 10:50 a.m. and from 12 noon to 3:20 p.m. William J. Herbst, principal at the Upper Grade School, said:

"Parents are asked to carefully check each student report form for teacher requests for parent conferences. If a request for conferences is received, call the school office for an appointment no later than 3:30 p.m. Friday, Nov. 3.

"Those parents or guardians who do not receive a request for a conference, but still wish to meet with a teacher, may call for a conference at any time between Wednesday, Nov. 1, and Tuesday, Nov. 7."

Phone hours are: Wednesday, Thursday, and Friday, Nov. 1, 2 and 3 — 8:30 a.m. to 3:30 p.m.; Monday, Nov. 6 — 8:30 a.m. to 5:30 p.m. and 6:30 p.m. to 8:50 p.m. and Tuesday, Nov. 7 — 8:30 a.m. to 10:50 a.m.

"Please do not send written appointment times back to the school with your child as the school cannot guarantee filling that appointment due to prior parent commitments. All conferences will be scheduled on a first phone call basis. The school phone number is 395-1905," Mr. Herbst said.

## Turn your home into an energy conservation machine. With a heat pump.

Instead of burning scarce fuels, the heat pump uses electricity to capture heat from a limitless energy source, the sun.

It's the most practical, efficient heating and cooling system you can install today. And it's dramatically changing the way we use energy.

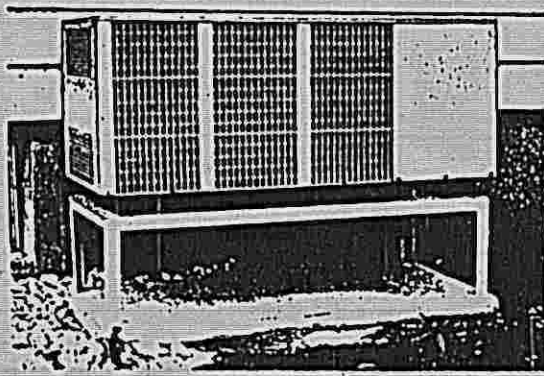

### Turns heat energy outside in and inside out.

The same principle that makes the heat pump work is already at work in your home inside your refrigerator. In fact, a heat pump is a lot like a refrigerator.

There's an indoor unit that consists of a coil and fan. There's an outdoor unit that consists of a coil, fan and compressor. Piping connects them. Inside the system, a refrigerant circulates, "carrying" the heat from inside out and outside in.

Even on the cloudiest, coldest day of winter, there's still solar heat in the air. The refrigerant in the outdoor coil absorbs this heat, is compressed and pumped inside. The heat comes out, keeping you warm.

In summer, the process is reversed. Warm air inside the home is blown over the indoor coil. The refrigerant absorbs this heat, is pumped outside, then condensed. The heat comes out, leaving you cool.

The amazing heat pump is installed on the outside of the home and is about the same size as a conventional central air conditioning unit.

No matter how the temperature changes, the heat pump automatically makes the necessary changes to keep you comfortable. And the unit filters the air and dehumidifies, too.

### Produces more energy than it uses.

That's why the heat pump is a real energy conservation machine. In a typical Illinois winter, a heat pump provides at

least 1.5 units of heat energy for every equivalent unit of electricity it uses.

Unlike systems that merely use up energy to make heat, the heat pump uses electricity to produce more energy than it uses. It's this extra energy bonus that makes the heat pump a smart investment.

The initial cost is a little higher. But the operating cost is lower. So in the long run, the heat pump can help you save.

### How to get one.

You can often replace your present system with a heat pump. Installing a heat pump in a new home is even easier.

Either way, it's important to get a quality product and have it properly installed and serviced. Check listing below.

For further information, call your local Commonwealth Edison office and talk to one of our marketing engineers about your plans.

## Great Scot! Janet qualifies for state

Janet McMurray, Antioch High School's Rotary Club exchange student from Scotland, qualified for the state tennis tournament, which begins Thursday in Arlington Heights.

Janet is only the second Antioch tennis player with this distinction. Dennis Korjenek was the other.

Janet was seeded second in the Round Lake district. On her way to the finals, she beat opponents from Grayslake, Waukegan East and Warren.

Sue Hutchinson of McHenry, the No. 1 seed, beat Jan for the third time this year and won the championship.

Jan will go to the tournament with a 19-6 record.

**JANET AND HER** teammates finished the season with a 6-7 record. Janet was voted most valuable by the team while Amy Lewandowski was voted most improved.

Kathy Sterbenz and Linda Hoffeditz (first doubles) played their final match for Antioch. Both are seniors and have been in the program for four years. They just missed going to the state tournament by one match, beaten in the quarterfinals by the No. 2 seed from Waukegan East 1-6, 4-6 to end their season.

**THE SOPHOMORE TEAM** finished with an 8-3 record with three underclassmen playing regular on the varsity. Tracy Witt and Renee Tell were elected most valuable, and Diane Appelhans was voted most improved.

## Antioch's Homecoming had everything, including ideal weather and a win

**POPULAR PEOPLE** — Stars of Antioch's Homecoming parade last Saturday were the queen and her attendants. From left: Joy Bowman, Jeanne Venn, queen Vicky Manuel and Bonnie Goodrich. (Paul Dugenske photo)

**THEME CONTEST WINNER** for Antioch High School's 1978 Homecoming was Cindy Goodrich of Linden Lane, shown receiving a \$50 "Series E" bond from Ed Roach, representing the State Bank of Antioch, which sponsors the contest. Cindy's winning theme, adopted for Homecoming Week, was "This One's for You."

**THE WINNING float** in Antioch High School's Homecoming parade was entered by the senior class. The class of '79 hoped the score would be 79-0, but was very satisfied, thank you, with the Sequoits' 37-6 win over Wauconda. In other float competition, the school's Art Club placed first and the Spanish Club tied for second with the Viking football entry.

# Sequoits bask in 37-6 victory

It's four days after the big victory and people are still smiling about the way Antioch's Sequoits demolished Wauconda 37-6 here last Saturday.

Seldom has the high school had a happier Homecoming. But it's time to return to reality, as everyone knows. There's another game to be played, 2 p.m. at Round Lake Saturday — and a loss is out of the question.

It would spoil that win over Wauconda which everyone is savoring.

ALTHOUGH THE SEQUOITS did everything right last Saturday — running, blocking, passing, kicking and playing their best brand of defense — it has been the running attack that has been most impressive all season.

With deceptive handoffs from quarterbacks Rob Nauman and Jim Sertic, and excellent blocking from the offensive line, a fleet of ball-carriers have been romping for big Antioch yardage. They include Greg Bodin, Denis Flaschner, Mitch Case, Dwayne Buszta and Gene Lehn.

And Saturday's opponents, Round Lake's Panthers, have similar strength. Even though they lost to Grant 20-6 last week, the Panthers flashed an impressive rushing attack again. Mike Richards carried 25 times for 118 yards and his running mate, Ron Frum, is capable of the same thing.

Coach Steve Wapon agreed that his offensive line has done a super job of paving the way for the running backs this season. The group includes center Kirk Sarmont, guards Jeff Thiel, Brian Beal and Dave Aschbacher, and tackles John Eckert and Mike O'Hara.

Ted DeRousse, assistant coach, added:

"For the last four games our line has done a good job of beating people, but last Saturday they just knocked Wauconda's defense all over the field.

RICH BROWN, WHO COACHES the offensive ends and defensive backs, noted that the ends caught three touchdown passes last Saturday and the defensive backs showed improvement by allowing only one touchdown.

Dan Crichton provided one of the game's thrills when he intercepted a Wauconda pass and ran it back 58 yards. Crichton also recovered a fumble.

Bodin, playing linebacker, starred on defense as well as offense. He led the team with five solo tackles and three assists.

Brian Beal blocked a punt that set up Antioch's second touchdown.

Round Lake is coached by Bruce Bartosz, former Antioch assistant who is being praised by his colleagues

## Bartosz has Panthers on their way up

for the way he's building the football program at that school.

"I'll tell you one thing about Round Lake," said Grant's coach, Darrell Baxter. "They're going to have a hell of a team next year."

The fun starts in Antioch Friday at 4:30 p.m. when the two schools match outstanding freshman teams. Then, Saturday at noon, Antioch and Round Lake's sophomores will play a game of championship dimensions in their league. Antioch has lost only once while Round Lake's sophs are undefeated.

At 2 p.m. Saturday the varsities take the field in a battle of up-and-coming football teams. The question is, who has come the farthest?

ONE OF THE minor tragedies of last Saturday's Homecoming game was the sprained knee suffered by Gene Lehn, senior ball-carrier and defensive back.

The Sequoits came onto the field with such enthusiasm that Lehn was caused to slip. He had to watch the entire game from the sidelines.

AFTER LOSING FOUR conference games by a total of only 15 points the Sequoits put it all together before a delighted Homecoming crowd.

"Everyone said they were the best 0-6 team around," said Wauconda's coach, Len Siatta. "They're a good ball club. They beat us in the trenches and controlled the line of scrimmage. They beat us. What else can you say?"

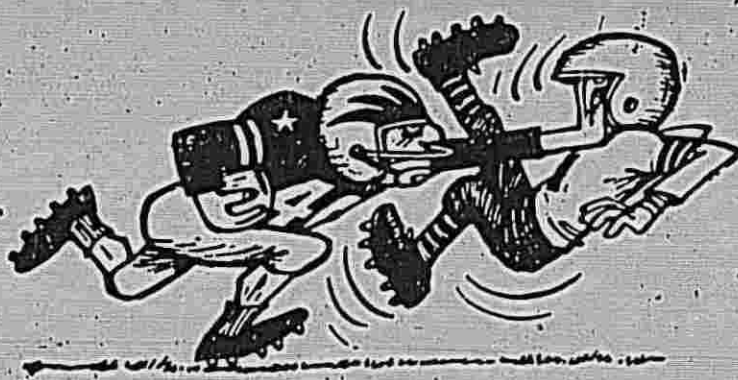

Antioch's coach, Steve Wapon, walking off the field, said:

"I just hate to leave. I've never been part of a victory

## Wapon 'just hated to leave the field'

that meant so much to me. Our kids had sufficient reason to develop a bad attitude; they could have thrown in the towel, but they stuck in there."

ANTIOCH'S DEFENSE, giving an inspired performance, held Wauconda to a net four yards rushing. The

Bulldogs' quarterback, Bill Torgesen, completed six of 13 passes for 135 yards but also was sacked four times.

Antioch had possession most of the game, getting 19 first downs to Wauconda's six. The Sequoits' rushed 57 times for 233 yards and of the four passes completed by quarterbacks Rob Nauman and Jim Sertic, three were for touchdowns.

FOR THE FOURTH straight week Antioch's offensive line opened the holes its running backs needed. Greg Bodin swashbuckled and slashed for 103 yards in 12 carries, Denis Flaschner gained 62 in 15 and Mitch Case 55 in 16.

Nauman scored the first two touchdowns on short plunges and, after a 16-yard touchdown pass from Nauman to Jack Fields, Antioch enjoyed a 22-0 lead late in the second quarter.

Wauconda got its six points just before the half ended when Torgesen tossed a screen pass to Mike Gertz, who eluded one tackler and outran the rest in a 75-yard dash.

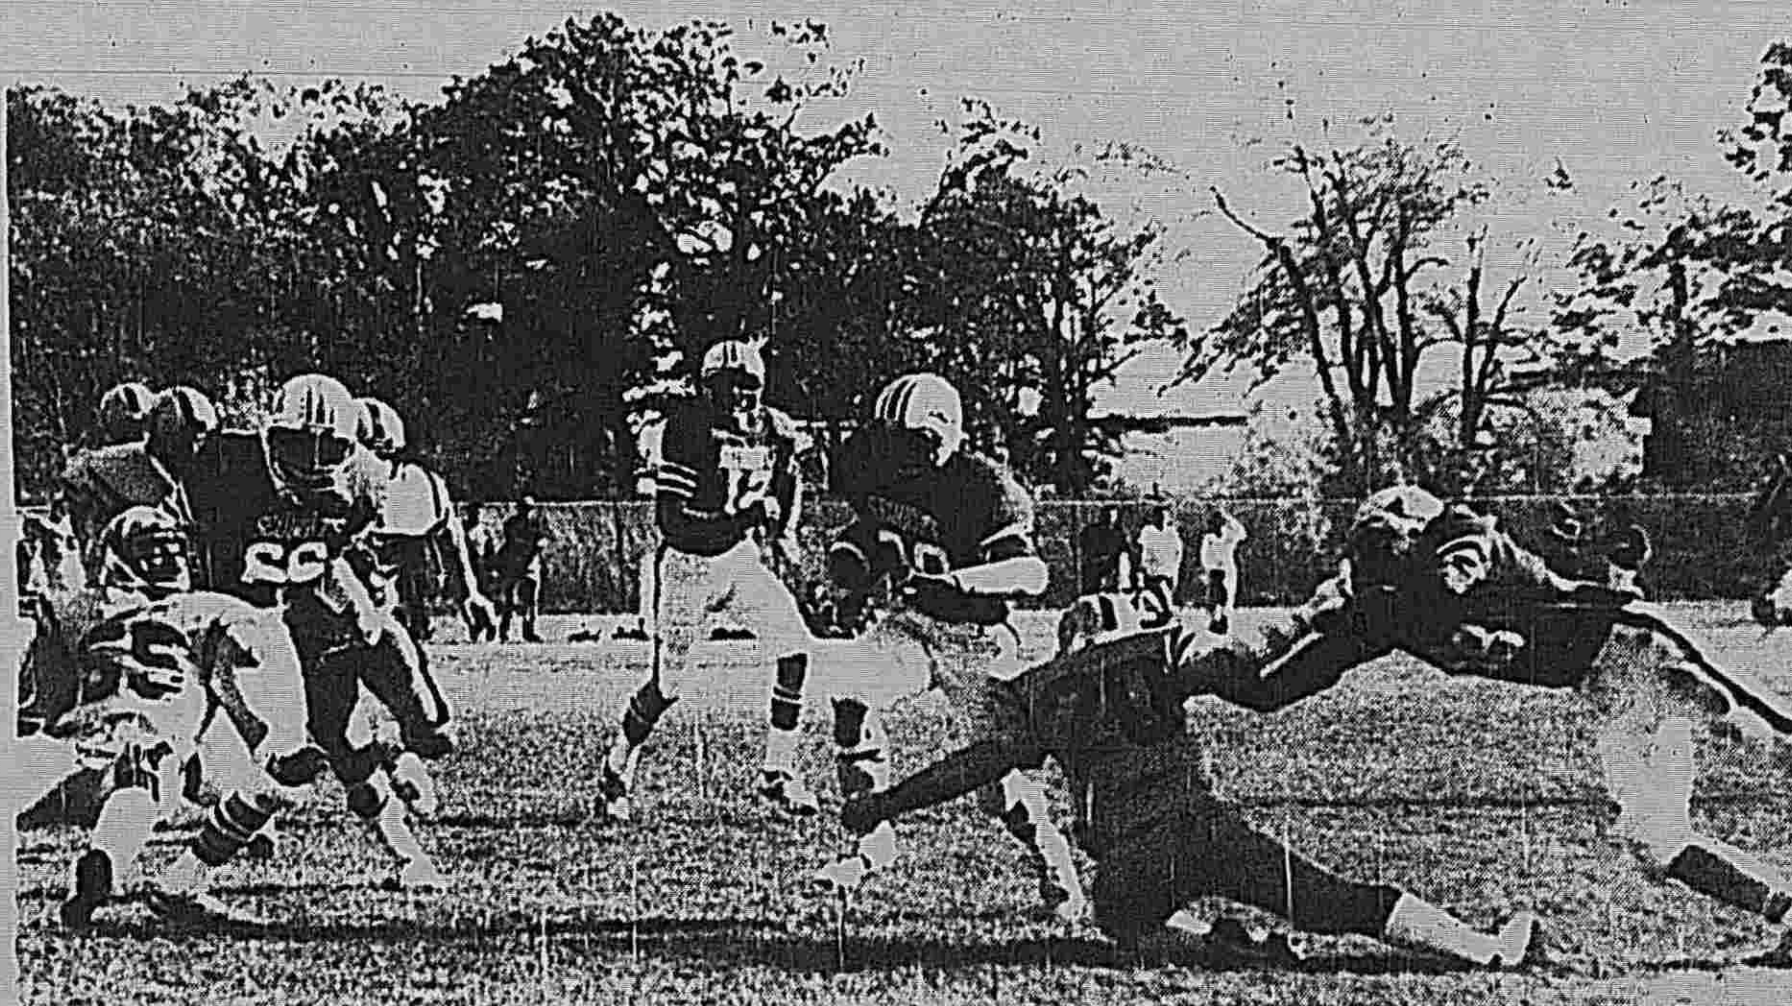

BUT ANY HOPES Waukegan had were shattered in the third quarter when Antioch methodically marched 63 yards

Please turn to page 24

THIS IS THE VIEW Wauconda had often last Saturday, of Greg Bodin, Antioch running back who slashed through the visitors' defense for more than 100 yards, at an

average of 8½ a carry. Bodin helped his teammates stun the visiting Bulldogs 37-6 in a joyous Homecoming game. (Paul Mapletorpe photo.)

ANOTHER ANTIOCH BALL-CARRIER who helped destroy Wauconda was Denis Flaschner, shown eluding a tackler as Mike O'Hara (right) helps out. In the background is

quarterback Rob Nauman, who had just pitched out to Flaschner. Nauman scored two touchdowns and passed for two others. (Tom Vander Meer photo.)

(950 Main St.), Antioch, IL 60002

ILLINOIS COLLEGE — the nation's 20th ranked football team in NAIA Division II, is receiving plenty of help from freshman Dick Kessler. The graduate of Antioch High School is a front-line replacement at center and does all the centering on field goal and extra point attempts. His team, at Jacksonville, won its first five games this season.

## Owen Sterba knew Antioch was ready

A lot of folks figured Antioch might score a mild upset over Wauconda in last Saturday's Homecoming football game, but not even Jimmy the Greek would have guessed the Sequoits would win by 31 points.

That's why the winner of the Antioch News football contest was Owen Sterba of Pine View Drive, who predicted a 17-point victory.

Owen will receive a \$15 gift certificate from BJ's Sports Center.

SECOND PLACE IN THE contest was a tie when both John Furlan and Harry Stewart picked Antioch to win by 13.

John correctly chose Tampa Bay over the Bears in the tie-breaker and will be sent the second prize, a \$10 gift certificate at Andre's Steak House. John was second in the previous week's contest, too.

Harry Stewart will receive third prize, a \$5 gift certificate at A&B Printing.

ANOTHER CONTEST APPEARS in today's paper.

How much will Antioch beat Round Lake by? Or will Round Lake beat Antioch?

You decide, and get your entry in before Saturday's 2 p.m. kickoff.

## Junior Varsity is 6-0, getting ready for 1979

Antioch High School's junior varsity football players finished the season with a 6-0 record Monday, beating Barrington — a previously undefeated team — 26-12, at Barrington.

Antioch's first touchdown came on an 8-yard run by junior quarterback Jim Sertic. Dan Behne kicked the extra point.

Then, Antioch's Chuck Kempf, a defensive tackle, blocked a Barrington punt, picked up the ball and ran 25 yards for a touchdown. Behne again kicked the point and Antioch's jayvees led 14-6 at the half.

IN THE THIRD QUARTER, Antioch scored on a 53-yard pass play from Sertic to Behne. Behne caught the ball 15 yards downfield and sprinted 38 yards to the end zone.

The final Antioch touchdown was scored by junior Greg Stevens on a 6-yard run.

Coach Steve Wapon liked the fact that Antioch intercepted three passes. Jim Mancuso picked off two and Behne the other one.

## Sophs win again, to play for title

Coach Tom Baba's Antioch sophomore football team won its fourth straight game Saturday, beating Wauconda 33-12 here.

In the first quarter Antioch's tough defense forced Wauconda into a fumble recovered by Ed Warner, and an interception by Greg Schroeder.

Each Wauconda mistake led to first quarter touchdowns.

The first was scored by Dino Sisto on a 6-yard pass from Bob Heffernan.

The second touchdown was scored on a 3-yard run by fullback Mark Pomaszak. The extra point was kicked by Sisto.

THE SECOND HALF kickoff provided a thrill for all when Antioch's Robbie Stannard took the kick off for an 85-yard touchdown return.

The fourth touchdown was scored on a pass from Heffernan to John Jackson for five yards.

Jackson also scored the final Antioch touchdown on a 96-yard interception return.

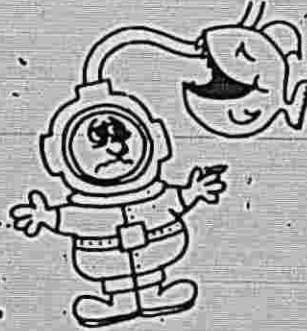

"For the fourth straight week our team has shown fine team effort," Baba said.

This Saturday's sophomore game will be a first-place showdown at Round Lake, at 12 noon.

Round Lake is 5-0 in the conference and Antioch is 4-1.

**Perform a death-defying act.**

**Have your blood pressure checked.**

## Cross-Country team is 4th in big meet

Antioch High's varsity cross-country team placed fourth last week in the 13-school Mundelein Invitational meet.

Jim Eller and Dave Unrein were Antioch's leading runners, placing eighth and 19th respectively.

Antioch was eighth in the sophomore meet with Gary Miller placing 13th in the big field.

In freshman competition, Antioch was fourth as a team and Dale Plechaty ran sixth individually.

ANTIOCH'S GIRLS TEAM earned a third place trophy in their meet, won by Libertyville.

Earlier last week, the Sequoits hosted conference leader Lake Zurich and Johnsburg at Fox River Park in Wilmot.

Lake Zurich had the first five finishers in the varsity event to wind up with a 7-0 record in the conference. Antioch finished with a 4-3 record to tie Warren for third place in the league.

In the frosh-soph race, Dale Plechaty of Antioch ran third and Hank Woolard fifth.

## Field hockey team enjoys 2nd victory

The Antioch High School field hockey team won its second game of the season last week, beating Rockford West 2-0.

Tracy Manuel scored a goal in the first two minutes

twice but was held back by the Antioch defense.

Last Wednesday, the Antioch girls lost to Deerfield 1-0. It was the fifth time the team has lost 1-0.

Antioch faced Deerfield again Tuesday, to begin the state tournament.

Last Friday, Antioch played McHenry, and lost in overtime 3-1. The bright spot of the game was a goal by Tracy Manuel in the overtime.

and Beth Mueller added another in the last five. Rockford threatened

"When in doubt, tell the truth." Mark Twain

## Get the big picture on new large-screen 'projection' TV

Want to see your favorite  
TV personality life-size ...  
or larger? It's possible now  
with a new type of television  
set featuring screens measur-  
ing from about four up to  
seven feet diagonally.These new TV models,  
called "projection" units,  
truly deliver the big  
picture—they're a giant step  
up from the standard 25-inch  
console.These large-screen units  
operate somewhat like a  
movie projector, beaming the  
enlarged image from a color  
picture tube through a special  
lens onto the giant screen.You can buy a projection  
TV model in a variety of de-  
signs. Some are two-piece  
units, with separate screens  
and control/projection con-  
soles; the projection console  
is placed a specified distancefrom the screen and is about  
the size of an end table.Other projection systems  
come as one-piece units, with  
the projection element fold-  
ing out from the base of the  
screen; still others resemble  
larger versions of the stan-  
dard console TV model.Many projection systems  
also include familiar TV fea-  
tures such as remote control  
and electronic channel selec-  
tion.Whatever the configura-  
tion, projection TV systems  
can add a whole new dimen-  
sion to television viewing,  
putting you right into the ac-  
tion.Watching sports broad-  
casts, you won't miss a play,  
and you'll see facial expres-  
sions and subtle moves you  
might otherwise have over-

looked on a smaller screen.

The giant projection  
screen can restore the impact  
of an on-location movie spec-  
tacular, or give you the illu-  
sion of being right there on  
the couch with your favorite  
talk-show guests. And  
watching a musical perfor-  
mance or drama, you'll feel  
like you're in the front row,  
center.Because of its increased  
size, projection TV requires  
slightly different viewing  
habits than a standard TV  
set.You'll get the sharpest pic-  
ture quality if you're seated  
directly in front of the screen,  
not far off to one side. And it  
helps to keep the room light  
somewhat dimmer than usual  
for the brightest possible pic-  
ture.

## Legal Notice

LEGAL  
IN THE CIRCUIT COURT  
OF THE NINETEENTH  
JUDICIAL COURT  
LAKE COUNTY  
ILLINOIS  
PROBATE DIVISION

In the matter of the probate of the will of Ragnar Axelsson, Deceased, File No. 78P-701.

Public Notice is hereby given to the persons herein named and all whom it may concern that an instrument purporting to be the last Will of Ragnar Axelsson, deceased, has been filed in the office of the Clerk of the Circuit Court of Lake County, in the State of Illinois, together with the petition of American National Bank & Trust Co. of Waukegan representing among other things that the names of all the heirs-at-law, devisees and the legatees of said deceased are as follows:

Gerda Stegander,  
Dorothy Goodpasture,  
John & Joan Millhouse,  
Daniel & Elsie MacHanes,  
Tekniska For Enigen,

Sequoia Lodge N. 827, St. Stephen Lutheran Church and praying that probate of said alleged Will be granted and that letters testamentary thereon may be granted to American National Bank & Trust Company, and that said instrument will be offered for probate and a hearing had on said petition by said Circuit Court, Probate Division on the 14th day of November A.D. 1978 at 9:00 A.M. of said day in the room usually occupied by said court in the County Court House in the City of Waukegan, in said County, when and where you can appear, if you see fit, and show cause, if any you have, why said will should not be admitted to probate.

Dated at Waukegan, Illinois, this 3rd day of October A.D. 1978.

Dawn Marie Mardoian  
Clerk

Attorney for Petitioner:  
Jacobs & Clark, 425 Lake Street, Antioch, Ill.

October 25, 1978

## NEWS OF WOMEN

Marriages in the United States are on the increase; however, women are waiting longer to wed—their average age at marriage is now over 21 years. According to a recent poll, three out of four women say marriage

and children are among the most important elements they need for an ideal life.

\* \* \*

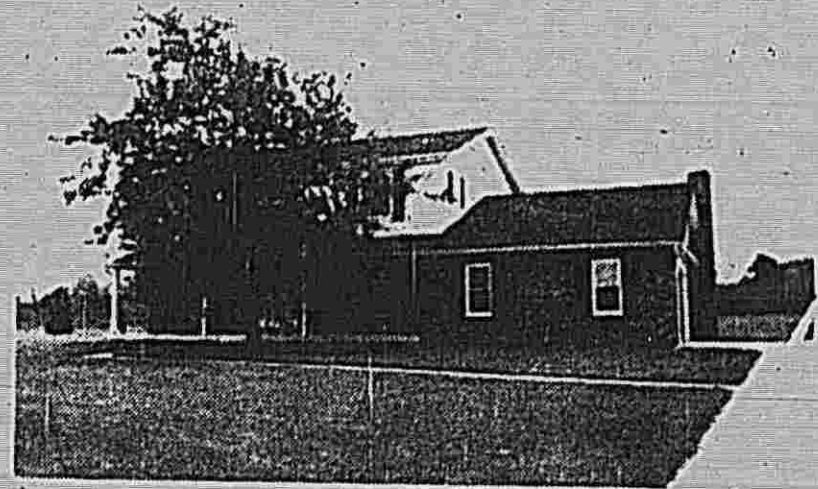

More and more women who graduate from high school are going on to graduate from college as well. About 25 percent are doing it now, as compared to 9 percent at the turn of the century. Increasingly, America's young women are moving on to graduate and professional schools, too: about 22 percent of first year law students and 18 percent of medical students are women.

\* \* \*

The value of a housewife—including her roles as child-rearer, nurse, hostess, dietician and household administrator—is calculated at over \$13,000 a year. Married women are the main purchasing agents for more than 46 million households budgeting income of over \$626 billion.

## OBITUARIES

### Charles L. Wysoglad

Mr. Charles L. Wysoglad, 68, of Antioch passed away at his home Saturday, Oct. 21. He was born Nov. 4, 1909 in Cicero and has lived in Antioch for the past 24 years.

He had served in the U.S. Navy during WW II and was a member of the Antioch V.F.W. Post No. 4551. He was a foreman for the Fred S. Hickey Co. in Shiller Park, retiring in Feb., 1978.

Survivors are his wife Ida M. Wysoglad; two daughters, Mrs. Patricia (Donald) Bendery of Wildwood and Mrs. Cathy (Jeff) Gokey of Schaumburg; two step-sons, Ronald (Nancy) VanRooyen of Sheboygan, Wis., and Norman L. VanRooyen of Antioch; one sister, Mrs. Phyllis (Al) Klapot of Oak Lawn, Ill.; two brothers, Anthony (Lillian) Wysoglad of Chicago and Edward (Rose) Wysoglad of Downers Grove; and five grandchildren.

He was preceded in death by one brother, Chester and one sister, Adeline.

Funeral services will be held today (Wednesday) at the Strang Funeral Home, 1055 Main St., Antioch, with the Rev. Stephen Williams of the Antioch United Methodist Church officiating. Interment will be in Hillside Cemetery, Antioch. Friends desiring may make contributions to the American Cancer Society or the Antioch Rescue Squad in his memory.

### Ethel M. Bonner

Ethel M. Bonner, 89, of Wadsworth, Ill. passed away suddenly Thursday, Oct. 19. She was born Apr. 27, 1889 in Warren Township and had been a resident of Lake County all of her life.

She had attended Millburn Congregational Church and was a member of the Ladies Aid Society. She and her husband had farmed in the Millburn area for many years. She was a member of the Lake County Farm Bureau.

She married William M. Bonner on Nov. 11, 1911 in Millburn and he preceded her in death on Mar. 13, 1965.

Survivors are two sons, W. Roy (Nita) Bonner of Wadsworth and Dr. J. Harold (Margie) Bonner of Walworth; six grandchildren and five great-grandchildren. She was preceded in death by one brother, Guy McGuire and one infant sister.

Funeral services were held Monday at 11 a.m. at the Strang Funeral Home, Antioch, with the Rev. Donald McPeck of the Millburn Congregational Church officiating. Interment was in Millburn Cemetery. Friends desiring may make contributions to the Millburn Congregational Church or the Lake Villa Rescue Squad in her memory.

### Healthy House Plants

Essentially, there are two kinds of house plants, either of which can make your home look and feel livelier and lovelier: plain green-leaved and variegated, or flowering plants. The former are often easier to grow; the latter, often more of a pleasure to show.

House plants of either kind often need repotting. You can tell they've become pot-bound when they produce little or no new growth and dry out quickly, even after frequent watering. The roots of such plants may protrude from drainage holes.

Generally, young plants should be repotted once a year, usually in spring. Established plants need repotting about every two to three years. A pot-bound plant should be transplanted only when its soil is slightly moist.

The Reader's Digest Illustrated Guide to Gardening, a 672-page, easy-to-read book on most aspects of gardening, suggests you invert the pot-bound plant and shake out the ball of roots and soil, ease away some of the old soil and set the root ball on fresh potting soil in the new pot. Trickle more soil around it. Hold the plant loosely by the stem and firm the soil with your fingers.

### Restorations

Your cherished memories don't have to stay locked away in that attic trunk or in the old family album you pored over as a child. They can be made to glow again... in an honored place in your home or as a gift to someone dear.

## In World of Wildlife, It's Courting Males Who 'Dress' to Please, Says Nature Magazine

Among humans, it is the female who is noted for primping and preening to attract a mate.

But in the world of wildlife, the situation is often reversed, according to National Wildlife magazine. There, the current (October-November) issue of the magazine reports, it is usually the male who puts on a spectacular show during courtship.

The show may consist of anything from a display of feathers — which the peacock spreads to impress an admiring hen — to a loud noise or a change of body color. And it sometimes includes the use of weapons, such as spurs or antlers, to fight off other suitors, says the bimonthly publication of the National Wildlife Federation.

Along with the peacock, the male grouse and turkey use their feathers to catch the attention of prospective mates. The grouse raises a ruff of glossy feathers around his neck. The wild turkey, in addition to showing his feathers, sports a "beard" — a tuft of hair-like feathers that sprout from his chest.

The turkey gobbler and the male pheasant wear sharp spurs on their legs to fight off rivals during their breeding seasons. Similarly, the bull moose, the bull elk, and buck deer grow antlers to fend off competition. When the mating season is over the antlers drop off.

Lizards and fish are among the creatures who change colors or even the configuration of their bodies to lure mates, says National Wildlife. Some male lizards inflate brightly colored "fans" at

their throats. Some species of salmon acquire hooked jaws and humped backs as the spawning season approaches.

**MALE ADORNMENTS:** Wild turkey displays spurs on shanks and "beard," or tuft of hairlike feathers, on chest; caribou bull grows new pair of antlers which drop off after mating season. Illustrations by Ned Smith.

A man might think that kind of noise is for the birds, but for those fowl it works better than man's so-called wolf whistle.

With many species, the magazine reports, mating occurs only after the male suitor instinctively performs a series of courtship rituals. Painted turtles stroke the female's cheeks with the elongated claws of their forefeet. The male fiddler crab waves an enlarged claw in the face of his chosen mate — not a subtle gesture among those crustaceans whose "fiddle" claw comprises nearly half of their body weight.

Some males must work faster than others. Since adult moths live only a few days, the male is equipped with a broad, feathery antenna that helps him zero-in on the "perfume" of a female, sometimes miles away.

Modern science has slowed the march of one destructive species, the gypsy moth, according to National Wildlife, by synthesizing the female's scent and releasing it where there are no females. This confuses the males and thwarts their efforts to mate — a mean trick on the moths but a boon to mankind.

Many species resort to mating calls or other sounds, but among the strangest amorous noisemakers is the cricket, who produces his summer evening's "song" by rubbing parts of his wings together. Male woodcocks use special wing feathers to make twittering sounds, while prairie chickens and some grouse hoot loudly by suddenly releasing air from inflatable sacs on the sides of their necks.

## ...ATTEND THE CHURCH OF YOUR CHOICE THIS SUNDAY

### Directory of Services in the Antioch Area.

#### Faith Evangelical Lutheran

**PASTOR DARALD GRUEN**

## New Boeing 757 Model

This model photo shows the sleek lines of the planned 757 twinjet, the latest member of the new advanced-technology family of Boeing jetliners. Equipped with highly efficient new turbofan engines and advanced design wing, the 757 will bring unprecedented economy to operations on short-to-medium-range routes. The 174-passenger airliner will have the same cabin width as 707, 727 and 737 aircraft. The new twinjet has recently been ordered by Eastern Airlines and British Airways.

## 'Antioch football is on the move'

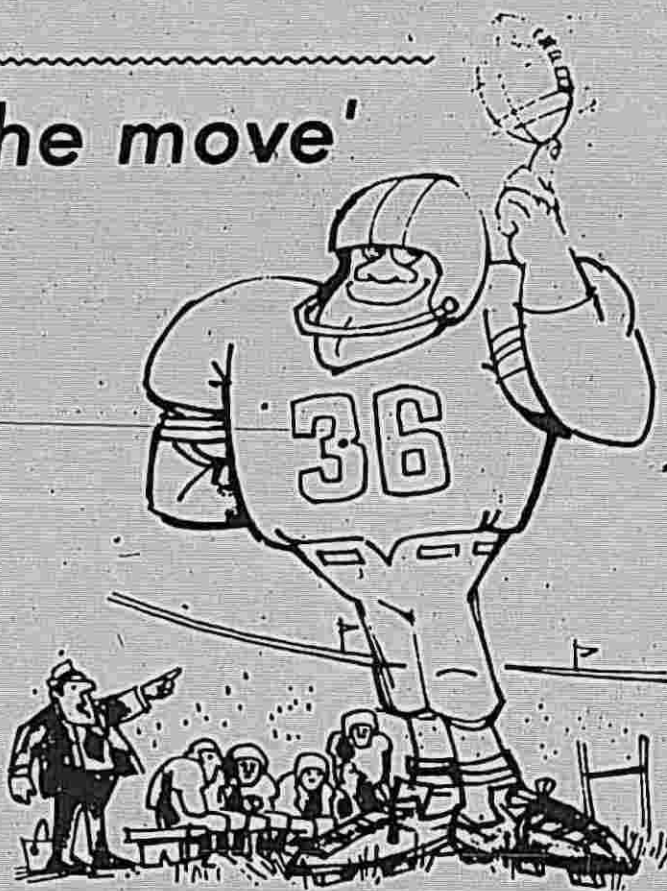

Continued from page 18

In 13 plays, Nauman passing the last eight to Scott Schroeder. Dan Behne's kick made it 29-6.

The rest of the game was played almost entirely in Wauconda territory. Antioch's final touchdown came on a 15-yard pass from junior quarterback Sertic to junior end Tim Plett.

A joyous post-game celebration followed. The players hoisted Wapon triumphantly around the field and then carried all three of their fully-clothed coaches into the showers.

IT'S WAPON'S FIRST season as head coach and cars are being driven around town with bumper stickers that say, "Antioch football is on the move."

## New men's basketball league starts

The first three games were played last week in the new six-team Antioch Men's Basketball league.

The Limerick Lounge beat BJ's Sports 56-43 as Mike Perrone led with 19 points and Mike Tylkowski

contributed 14.

Perrone is a former Antioch High School star while Tylkowski played at Grant. Last winter they played together at the College of Lake County.

PAT MICHALAK led BJ's with 14 points. The Limerick was losing at half-time, 22-18, but early in the third quarter Tom Effinger hit on three long shots over BJ's zone and the Limerick began pulling away.

Perrone had 17 of his points in the second half.

Maestrazi Brothers defeated the State Bank 28-26 as John Janosko scored 12 points and Chris Boarini 9.

IN THE other game,

Century 21 defeated the Wharf 56-40.

The league, sponsored by the village recreation department, plans a 20-week schedule. Games are played on Tuesday nights at local gyms.

THE BUCCANEERS beat a tough Raider team 18-0 in a position-day play-off for a record of 6-0 for the season.

The Buccaneers started the game with an interception by Bill Flemming, but didn't get on the scoreboard until the second quarter when Brian Becker ran 55 yards for a touchdown.

Brad Poulter added the second touchdown at the end of the first half.

The third touchdown was scored by Brian Hairrell.

Flemming had two key interceptions to help the Buccaneers win.

Next Sunday, for the final game of the season, the Buccaneers will play the Warriors and the Seahawks will play the Raiders.

## VIKING SCOREBOARD

### Heavyweights

The Antioch Viking Heavyweights added another victory to their string with an impressive 38-0 win over an outmanned Round Lake team.

As usual the Viking defense was outstanding and the coaching staff credited Ray Bergman, Bill Carney and Andy Lehn with playing key roles in stopping the Round Lake offense.

AFTER TAKING the opening kickoff to their own 45 the Vikings scored on a 50-yard run by Lehn.

Near the close of the second quarter Lehn added another T.D. for Antioch on a pass play from Olsen, covering 25 yards. Olsen added two more points with his kick and the Vikings led 22-0.

The Vikings' Steve Haase scored their 4th touchdown on a dive play from the three. Olsen's kick again was good.

Antioch added another T.D. near the end of the 4th quarter on some excellent running by John Caliendo, capped by his 2-yard plunge into the end zone.

### Lightweights

The Antioch Viking Lightweights won 19-0 in a "Better than the score would indicate" football game with the Round Lake Panthers.

Early in the game Phil Aschbacher scored after catching a pass from quarterback Tom Adams.

In the second quarter Tim Cardwell got the second TD and ran in the extra point.

Antioch's final touchdown was scored with only seconds left in the game, when John Silianoff caught a 25-yard pass in the end zone.

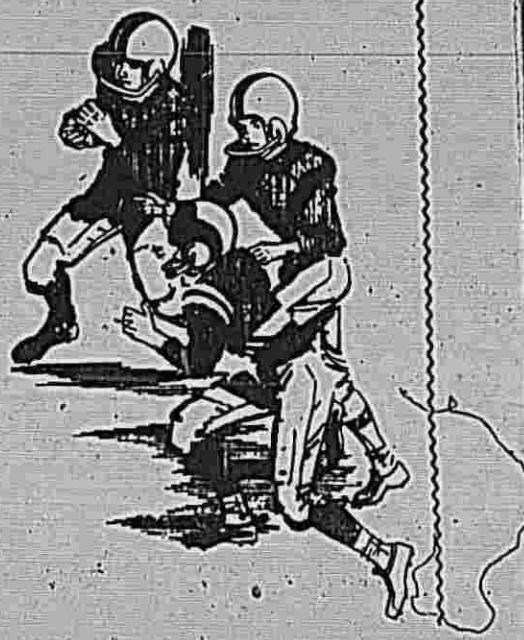

Key plays by Joel Bissing, Steve Edmonds, John Oelkers and Les Zitkus aided the Viking effort, coaches said.

### Featherweights

The Warriors won 6-0 over the Seahawks Sunday.

Early in the game the Seahawks moved downfield in a power drive to the Warrior 10.

The Warrior defensive line, Scott Pall, Tim Breston, Kelly Geist, Rod Volting, Tim Raven stopped the Seahawk threat.

In the second quarter, quarterback Ed Antkowiak passed to Kurt Stahl to move the Warriors downfield. A completion to Joe Cates on the 40, with blocking by Dean Fransch, Rich Eckert, Eric Birkhaug, Brad Korando and Mike Wegel, enabled Cates to score the touchdown and take the lead, 6-0.

The second half was a defensive struggle. Offensive sweeps by the Seahawks were foiled by Larry Wegel, Bob Terry and Tom Homan. Throughout the game the Warrior effort was safe guarded by the deep punting of Larry Rodgers.

"Super Team Spirit Awards" were given by the Warrior coaching staff for Steve Behrendt and John Wierschem.

## Love HORSES?

HORSEMAN Magazine is the best horsemanship magazine being published. It will help you take better care of your horse, help you ride better, save you money, help you improve your horse's performance, give you professional advice on breeding, showing, and how to have more fun with your horse. Each month.
